

CITY ON THE EDGE

HONG KONG UNDER CHINESE RULE

HO-FUNG HUNG

A provocative contribution to the discussion on Hong Kong's position in today's world, *City on the Edge* demonstrates that the resistance and repression of 2019-2020 does not spell the end of Hong Kong but the beginning of a long conflict with global repercussions.

“ At a time when many of Hong Kong's freedoms seem to have been extinguished, Ho-fung Hung brings historical knowledge and a deft analysis of capital to show that the desire for liberal values in the city is by no means dead and that a new more hopeful phase for Hong Kong may yet emerge. ”
