The Proceedings of The Nutrition Society contain a full record of papers and discussions at the Scientific meetings of the Society held from its formation in 1941 up to the end of 1946. Volumes 1-5, containing reports of meetings held during 1941-1946, have been published. In all, reports are available of 37 Scientific Conferences of the Society, covering a wide range of topics in most fields of nutrition. With the completion of Volume 5, the Proceedings have ceased appearing separately and are merged in the British Journal of Nutrition, published by the Cambridge University Press.

Inquiries for Volumes 1-5 of these Proceedings should be addressed to the publishers
