IRAQ AND KUWAIT: THE HOSTILITIES AND THEIR AFTERMATH

This volume reproduces materials dealing with the international forceful reaction to the Iraqi invasion and developments subsequent thereto.

Included are Security Council resolutions together with extensive extracts from its debates. Texts covering the response of the UN Commission on Human Rights, UN General Assembly and its member States to the continued occupation of Kuwait are also included, as are materials relating to the conduct of hostilities, the cease-fire negotiations and its implementation.

The volume concludes with documents concerned with the protection of the Kurds and Shiites together with general humanitarian questions arising both within Iraq and Kuwait.

Approx. 700 pp.

INTERNATIONAL BOUNDARY CASES: THE CONTINENTAL SHELF

In recent years disputes about continental shelf boundaries have given rise to an important body of international case law. With scores of such boundary problems still remaining to be settled, the convenience of having a handy, fully indexed collection of all the relevant international decisions is self-evident. Each case is preceded by a helpful summary. The collection has an Introduction by Michael Wallace.

Produced in a two volume casebound set

THE KUWAIT CRISIS: SANCTIONS AND THEIR ECONOMIC CONSEQUENCES

This volume contains an extended collection of legislation adopted by States, both Members and non-Members of the UN, implementing the Security Council sanctions resolutions directed against Iraq.

Reproduced here are the texts of the principal legislation, subordinate legislation, notices and orders adopted in more than 120 jurisdictions. In a number of cases, foreign language texts are accompanied by translations into English. Also included are reports of the UN Secretary-General to the UN Sanctions Committee.

Regulating Covert Action

Practices, Contexts, and Policies of Covert Coercion Abroad in International and American Law

**W. Michael Reisman
and James E. Baker**

This book is the first to assess the lawfulness of covert action under United States and international law and to face candidly the implications for democratic states that covert operations pose. Reisman and Baker identify different types of covert actions, discussing such cases as Trujillo assassination in 1961, the Rainbow Warrior in 1985, and Pan Am Flight 103 in 1989, and they propose guidelines for the use of covert techniques.

"Sophisticated and comprehensive.

...Rich in detail, the work is one of originality and reliable scholarship."

--Richard A. Falk \$28.50

The Faces of Justice and State Authority

A Comparative Approach to the Legal Process

Mirjan R. Damaska

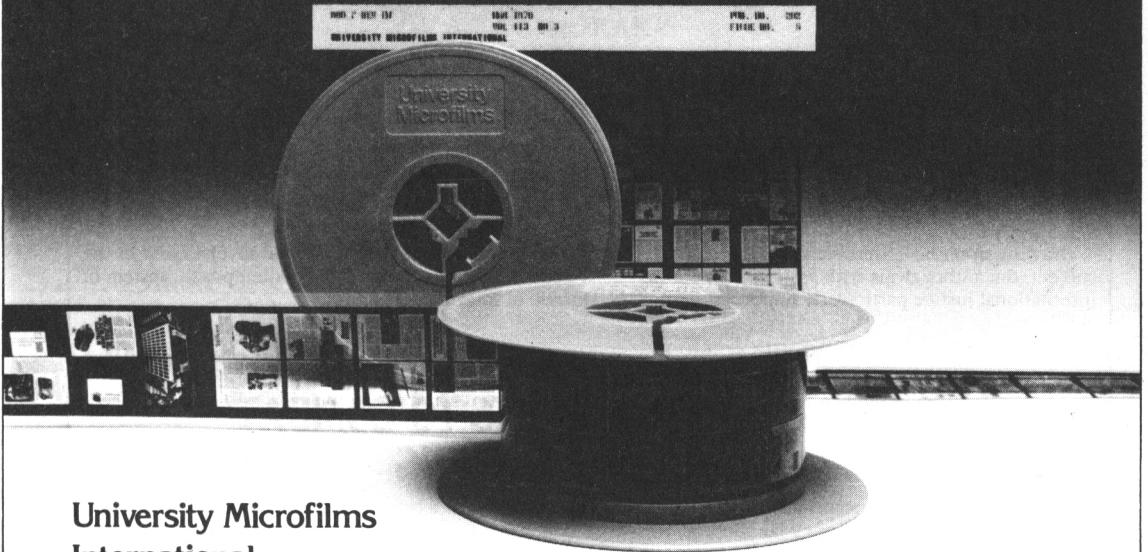

In this impressive work a leading legal scholar provides a highly original comparative analysis of how justice is administered in legal systems around the world and of the link between politics and justice.

"This book...provides powerful tools for the analysis of related tendencies in the state apparatus and in the legal system." —Philip Lewis, *Journal of Law and Society* \$16.00

**Authority without Power
Law and the Japanese Paradox**
JOHN OWEN

HALEY, *University of Washington, Seattle*

Haley argues that the weakness of legal controls throughout Japanese history has assured the development and strength of informal community controls based on custom and consensus to maintain order—an order characterized by remarkable stability, with an equally significant degree of autonomy for individuals, communities, and businesses.

**In a Time of Trouble
Law and Liberty in South
Africa's State of Emergency**

STEPHEN J. ELLMANN,
Columbia University Law School

Ellman shows through the judges decisions that, with few exceptions, they repeatedly vindicated the emergency powers. He suggests that though a legal tradition existed for the protection of human rights, it was denied as a result of certain judges' decisions.

**European Community Sex
Equality Law**

EVELYN ELLIS,
University of Birmingham

This book gives a critical account of EC law on equal pay and on the equal treatment of men and women in employment and related areas. It also discusses a line of development for European law against the background of a single market and potentially enhanced political integration of the Member States.

A remarkable contribution to legal theory...

Jurisprudence for a Free Society

Studies in Law, Science and Policy

by **Harold D. Lasswell** and **Myres S. McDougal**, *Yale Law School*

NEW HAVEN STUDIES IN INTERNATIONAL LAW
AND WORLD PUBLIC ORDER SERIES

1992

ISBN 0-7923-0989-8

2 -volume set 1,612 pp.

\$580.00

In its comprehensive and systematic elaboration, **Jurisprudence for a Free Society** stands as one of the most important jurisprudential statements to emerge in the post-war period.

The pioneering work of Lasswell and McDougal on law and policy is already legendary. Most of the work produced by these scholars, together and in collaboration with their students, represents applications of their basic theory to a wide assortment of international and national legal and policy problems. Now, for the first time, the authoritative statement of their legal philosophy appears in a single source.

In **Part I**, the authors develop their fundamental criteria for a theory about law, including the requirements of clarifying observational standpoint, focus of inquiry and the pertinent intellectual tasks incumbent on the scholar and decision-maker for determining and achieving common interests. **Part II** discusses the social process as a whole and the particular value-institutional processes that comprise it. **Part III** explores the intellectual tasks of policy thinking, from clarification of values, through description of trend, the scientific examination of conditions, projection of future developments and the invention of alternatives. **Part IV** examines the structure of decision in a free society in which the achievement of human dignity is confirmed in both world and deed. Six appendices bring together monographs by the authors over a period of forty years which deal, in more detail, with particular matters treated in the body of the book.

The Arab–Israeli Conflict

Volume IV: The Difficult Search for Peace (1975–1988)

Edited by John Norton Moore

Volume IV of *The Arab–Israeli Conflict*, in two parts, is a fundamental research tool for students of the Middle East and for those responsible for U.S. policy-making in that area. It is a successor to John Norton Moore's widely acclaimed three-volume compilation of readings and documents on international law and the Arab–Israeli conflict and to the one-volume abridged edition of that compilation. Volume IV stands on its own as a documentary history of the period from the September 1975 Sinai accords through the Shultz peace initiative and the Palestinian uprising in December 1988.

International Legal Materials

Gives You Facts At Your Fingertips

- 1 How has German reunification been accomplished?
- 2 Which countries have enacted new investment laws or signed bilateral investment treaties?
- 3 How is arbitration used to settle international commercial disputes?
- 4 Which new areas of cooperation does the ACP-EC Lomé IV Convention cover?
- 5 Is on-site verification a part of all new arms control agreements?
- 6 What came out of the Uruguay Round?
- 7 How will Australia and Indonesia jointly develop the resources of the seabed?
- 8 What has been the response to Iraqi aggression?
- 9 Are there international standards for the protection of children?
- 10 What are the requirements for a comprehensive political settlement of the Cambodia conflict?

International Legal Materials has the answers to all these questions and more.

Have the facts before the secondary sources provide the analysis. Reach an objective understanding of *current* issues by examining the official texts of treaties, legislation, court decisions, declarations, draft proposals, and memoranda that affect international relations and global interdependence. Background notes and content summaries accompany the documents. Published six times a year and indexed annually.
