

## INDEX OF AUTHORS.

	PAGE
ADAIR, MURIEL E., <i>see</i> DEAN, H. R.	
ADAIR, MURIEL E., <i>see</i> TAYLOR, G. L.	
ALLISON, V. D., <i>see</i> BROWN, W. A.	
BAUMGARTNER, JOHN GEORGE and WALLACE, MALCOLM DOUGLAS. A Note on the Influence of the Protein Content of the Recovery Medium in Germicidal Tests . . . . .	534
BEDFORD, T. The Effective Radiating Surface of the Human Body . . . . .	303
BEDFORD, T. Skin Temperature in Relation to the Warmth of the Environment. (With 2 Figures in the Text) . . . . .	307
BOYCOTT, G. W. M. Prevention of Compressed Air Illness. Obsolete Statutory Regulations as an Obstacle to Progress . . . . .	318
BROWN, W. A. and ALLISON, V. D. Carriers and Return Cases in Scarlet Fever . . . . .	283
BROWNING, C. H. and GULBRANSEN, R. Variation in Chemotherapeutic Susceptibility associated with Change in Virulence of a Strain of <i>Trypanosoma brucei</i> . . . . .	180
BURNET, F. M. Enzootic Psittacosis Amongst Wild Australian Parrots . . . . .	412
COCKERELL, O. J. On the Errors Involved in the Determination of Cooling Powers and Air Velocities with a Kata-Thermometer. (With 5 Figures in the Text) . . . . .	255
COLIN-RUSS, A. Human Foot Perspiration, its Nature and Interactions with Footwear . . . . .	199
COLLINS, DOUGLAS H. and DIBLE, J. HENRY. The Method of Expressing the Silica Content of the Lung . . . . .	64
COOKE, W. E. Modern Views on Silicosis. (With Plates I-IV) . . . . .	207
CRUICKSHANK, J. C. A Study of the So-called <i>Bacterium typhi flavum</i> . . . . .	354
DAU, HELEN, <i>see</i> PIJPER, A.	
DAVIS, L. J. and GUZDAR, J. S. Tuberculin Reactions on the Hong Kong Chinese, with special reference to the use of Tuberculo-protein . . . . .	300
DAVIS, L. J., GUZDAR, J. S. and FERNANDO, F. S. Scarletina Immunity in Hong Kong . . . . .	161
DEAN, H. R., TAYLOR, G. L. and ADAIR, MURIEL E. The Precipitation Reaction. Experiments with an Antiserum containing Two Antibodies . . . . .	69
DIBLE, J. H., <i>see</i> COLLINS, D. H.	
VAN DISHOECK, Dr H. A. E. Infra-red Radiation and Nasal Obstruction. (With 3 Figures in the Text) . . . . .	185
ELLMAN, P. and TAYLOR, H. J. The Effect of Oxygen and Carbon Dioxide Baths on the Subcutaneous Tissue Gas Tensions . . . . .	322
FELIX, A., KRICKORIAN, K. S. and REITLER, R. The Occurrence of Typhoid Bacilli Containing Vi Antigen in Cases of Typhoid Fever and of Vi Antibody in their Sera . . . . .	421
FELIX, A. and PITT, R. M. Virulence and Immunogenic Activities of <i>B. typhosus</i> in Relation to its Antigenic Constituents . . . . .	428
FERNANDO, F. S., <i>see</i> DAVIS, L. J.	
GALLOWAY, I. A. and PERDRAU, J. R. Louping-ill in Monkeys. Infection by the Nose. (With Plate V) . . . . .	339

	PAGE
GARDNER, A. D. and VENKATRAMAN, K. V. The Antigens of the Cholera Group of Vibrios . . . . .	262
GARROD, LAWRENCE P. The Testing of Disinfectants in the Presence of Organic Matter. (With 1 Figure in the Text) . . . . .	219
GARRY, R. C., <i>see</i> ORR, J. B.	
GIBSON, H. J. and MUIR, R. O. A Study of the Streptococci from Fifty Cases of Bovine Mastitis . . . . .	238
GLOCK, GERTRUDE E. An Investigation of the Effects of Adverse Atmospheric Conditions such as are Encountered in Various Industries on Mental and Muscular Efficiency. (With 1 Graph) . . . . .	78
GORDON, J. and ROBSON, J. M. Some Immunity Experiments on Hypophysectomised Animals . . . . .	372
GREEN, C. A. Observations on the Toxic Fractions of Scarlatinal Streptococci . . . . .	93
GRIFFITH, F. The Aronson Streptococcus . . . . .	23
GULBRANSEN, R., <i>see</i> BROWNING, C. H.	
GUZDAR, J. S., <i>see</i> DAVIS, L. J.	
HILL, Sir LEONARD. "Nose-Opening" Rays. (With 1 Text-figure) . . . . .	75
HORGAN, E. S. The Failure of Brilliant Green and Telluric Acid as Selective Agents for the Isolation of <i>Bacillus typhosus</i> from Faeces . . . . .	38
KRIKORIAN, K. S., <i>see</i> FELIX, A.	
LYTH, R., <i>see</i> TWORT, C. C.	
MARTIN, W. J. The Decrease in Mortality During Early Adult Male Life in England and Wales. (With 5 Graphs in the Text) . . . . .	375
MINETT, F. C. The Bacteriology of Bovine Streptococcus Mastitis . . . . .	504
MITMAN, MAURICE. The Pseudo-Schick Reaction and the Intradermol Toxoid Test of Moloney: their Relationship and Significance. (With 2 Figures in the Text) . . . . .	512
MUIR, R. O., <i>see</i> GIBSON, H. J.	
NAVASQUEZ, S. de. Experimental Tubular Necrosis of the Kidneys accompanied by Liver Changes due to Dioxan Poisoning. (With 3 Graphs) . . . . .	540
NEWMAN, J. L. Impetigo Contagiosa, its Epidemiology and Control. (With 1 Chart and 1 Map) . . . . .	150
ORR, JOHN BOYD, THOMSON, WILLIAM and GARRY, R. C. A Long Term Experiment with Rats on a Human Dietary. (With Plate VI and 7 Graphs) . . . . .	476
PERDRAU, J. R., <i>see</i> GALLOWAY, I. A.	
PIJPER, ADRIANUS and DAU, HELEN. South African Typhus. (With 2 Text-figures) . . . . .	116
PITT, R. M., <i>see</i> FELIX, A.	
PLATT, A. E. The Viability of <i>Bact. coli</i> and <i>Bact. aerogenes</i> in Water. A Method for the Rapid Enumeration of these Organisms . . . . .	437
REITLER, R., <i>see</i> FELIX, A.	
ROBERTS, J. ISGAER. The Ticks of Rodents and their Nests, and the Discovery that <i>Rhipicephalus sanguineus</i> Latr. is the Vector of Tropical Typhus in Kenya . . . . .	1
ROBERTS, J. ISGAER. The Relationship of the Cotton Crop to Plague, and its Role as a Vehicle for Rats and Fleas in East Africa. (With 1 Graph in the Text) . . . . .	388
ROBSON, J. M., <i>see</i> GORDON, J.	

*Index of Authors*

561

	PAGE
STOCKS, PERCY. The Frequency of Cancer Deaths in the Same House and in Neighbouring Houses . . . . .	46
TAYLOR, G. L. The Demonstration of the Increase of Globulin in Diphtheria Antitoxins by the Precipitation Reaction . . . . .	174
TAYLOR, G. L. and ADAIR, MURIEL E. The Precipitation Reaction . . . . .	169
<i>TAYLOR, G. L., see DEAN, H. R.</i>	
<i>TAYLOR, H. J., see ELLMAN, P.</i>	
<i>THOMSON, W., see ORR, J. B.</i>	
TWORT, C. C. and LYTH, R. A New Method for Measuring Carcinogenicity . . . . .	125
TWORT, C. C. and LYTH, R. The Violence of Reaction of the Animal in Relation to the Etiology of Cancer and Inflammation. (With 1 Figure in the Text) . . . . .	404
TWORT, C. C. and TWORT, J. M. The Utility of Lanolin as a Protective Measure against Mineral-Oil and Tar Dermatitis and Cancer . . . . .	130
<i>TWORT, J. M., see TWORT, C. C.</i>	
UNDERWOOD, E. ASHWORTH. The Diphtheria Toxoid-Reaction (Moloney) Test: its Applications and Significance. (With 4 Figures in the Text) . . . . .	449
<i>VENKATRAMAN, K. V., see GARDNER, A. D.</i>	
<i>WALLACE, M. D., see BAUMGARTNER, J. G.</i>	
WALSTON, H. D. The Clotting of Plasma through Staphylococci and their Products. (With 1 Chart in the Text) . . . . .	549
WHITE, P. BRUCE. The Serological Grouping of Rough Vibrios . . . . .	347
WHITE, P. BRUCE. The Q Proteins and Non-Specific O-Antigens of the Cholera Vibrio	498
WOLFF, GEORGE. Is Cancer Mortality Increasing or Decreasing? . . . . .	327
