HEALTH, FRESH AIR, AND PURE WATER.

CONDY'S HYGIENIC PREPARATIONS,

BY HER MAJESTY'S LETTERS.

CONDY'S FLUID,

Which contains nascent Oxygen, Nature's true and only purifying agent, instantly destroys all offensive smells, removes organic impurities from water and air, and, being entirely innoxious and unirritating in its nature, is the only safe disinfectant of the living tissues, whether for external application or for consuming and counteracting organic poisons taken into the stomach, or generated in the system. "I consider it to be a most important addition to sanitary science, and a valuable agent in the hands of the medical profession."—ROBERT DUNDAS THOMSON, M.D., F.R.S.

CONDY'S PATENT FLUID,

By reason of its peculiar composition, is invaluable as a preventive and cure for the diseases of domestic animals, which are so liable to assume a contagious type. "I consider Condy's fluid, in short, a boon to the veterinary profession and the sportsman, as well as to the community at large."—W. H. KENT, M.R.C.V.S. "It appears to me to be a most valuable and healthy life preserver."—F. T. BUCKLAND, Ass.-Surg., 2d Life Guards. In Bottles, Green, 6d., 1s., and 2s. Crimson, stronger and purer, 1s., 2s., and 4s.

CONDY'S PATENT HEALTH POWDER,

Also contains nascent oxygen, is odourless, and destroys all smells. Sold in Bottles, 1s., 1s. 6d., and 3s.; and in casks, 1 cwt., 36s.

CONDY'S PATENT OZONISED WATER,

For the toilet, bath, &c., removes from the mouth impure and foreign tastes and odours, whether arising from tobacco or other causes, and counteracts the irritation and morbid secretions of carious teeth. It purifies and softens the skin, and, used in the bath, tends to promote a healthy state of the whole body. "A teaspoonful added to a tumbler of water will remove instantaneously all the taste and smell which are often so troublesome, after smoking pipes or cigars."—*The Field*, November 24th, 1860. In stoppered Bottles, price 2s.; double size, 3s. 6d.

Liq. Potass. v. Calc. v. Magnes. Permangan (Condy), gr. ij ad ʒj.

Solutions of absolutely pure salts of permanganic acid, prepared of uniform strength for prescription by medical men.

Internally—Dose from ten drops to a drachm in half a pint of pure water.

Externally—As a lotion or gargle, from one to four drachms in half a pint of pure water.

PRINCIPAL WHOLESALE AGENTS.

J. BELL and Co., 338, Oxford Street.
Butler, Sackville Street, Dublin.

Cornish and Lewin, Plymouth.
Glaisyer and Kemp, Brighton.
J. and W. Sumner, Birmingham.
Twinberrow, and Co., Worcester.

Second Edition, Enlarged, 8vo, cloth, 15s.

A MANUAL OF PSYCHOLOGICAL MEDICINE: containing the History, Nosology, Description, Statistics, Diagnosis, Pathology, and Treatment of Insanity; with an Appendix of Cases. By JOHN CHARLES BUCKNILL, M.D., Medical Superintendent of the Devon County Lunatic Asylum; and DANIEL H. TUKE, M.D., late Visiting Medical Officer to the York Retreat.

"Certainly the best work on Psychological Medicine lately written in Europe."—*Essay on Moral Insanity*, by Dr. Parigot, late Commissioner in Lunacy, Belgium. 1861.

JOHN CHURCHILL, New Burlington Street.

Now Ready, 8vo, cloth, 5s.

INFANTICIDE: its LAW, PREVALENCE, PREVENTION, AND HISTORY. By WILLIAM BURKE RYAN, M.D. Lond., F.R.C.S. Eng.

"The subject is of great importance, and Lord Brougham recommends Dr. Ryan to send a full statement of the facts and of his suggestions to the Meeting of the National Association for the Promotion of Social Science."

JOHN CHURCHILL, New Burlington Street.

Third Edition (incorporating the Gulstonian Lectures delivered at the Royal College of Physicians), post 8vo, cloth, 7s. 6d.

ON EPILEPTIC AND OTHER CONVULSIVE AFFECTIONS OF THE NERVOUS SYSTEM. By CHARLES BLAND RADCLIFFE, M.D., F.R.C.P., Physician to, and Lecturer on Materia Medica and Therapeutics at, the Westminster Hospital.

JOHN CHURCHILL, New Burlington Street.

Third Edition, entirely Re-written, 8vo, cloth, 10s 6d.

THE FUNCTIONS AND DISORDERS OF THE REPRODUCTIVE ORGANS IN CHILDHOOD, YOUTH, ADULT AGE, AND ADVANCED LIFE; considered in their Physiological, Social, and Moral Relations. By WILLIAM ACION, M.R.C.S., formerly Externe to the Female Venereal Hospitals in Paris.

"Everywhere we may see that the author has thought deeply, observed largely, and means honestly."—*The Lancet*.

"We willingly indorse Mr. Acton's opinion, that the evils which environ the abuses of the sexual instinct demand plain teaching and open investigation. He discusses with the freedom of a philosopher the efficacy of modern systems of religion and education in promoting chastity."—*Med. Times*.

JOHN CHURCHILL, New Burlington Street,

SPARKS AND SON, INVENTORS

of the INDIA-RUBBER URINALS for MALE and FEMALE RAILWAY TRAVELLERS, INVALIDS, and CHILDREN.

These Urinals are made on the most approved principles, and all are fitted with the recently-invented valve, which will not allow any return of the water by the upper part, by being placed in any position, and from their improved construction are better than any similar articles at present in use.

A liberal discount to the Medical Profession. Descriptive Circulars and Lists of Prices sent per Post.

Hospitals, Infirmaries, and Unions supplied on the best terms with every article for the use of the sick and invalided.

SPARKS AND SON,
PATENT SURGICAL TRUSS AND BANDAGE MAKERS,
28, CONDUIT STREET, NEW BOND STREET, LONDON.
ESTABLISHED ABOVE 30 YEARS.

PULVIS JACOBI VER., NEWBERY'S.

To the Medical Profession of Great Britain and Ireland.

GENTLEMEN,—We beg to call your attention to the following extracts from a Paper by the late John Cheyne, M.D., F.R.S.E., M.R.I.A., Physician to the Hardwicke Fever Hospital, Dublin, and Physician-General to His late Majesty's Forces in Ireland, &c., &c., contained in the "*Dublin Hospital Reports*," vol. 1, p. 317.

"Since this case came into my possession, I have been led to make a good many clinical experiments, which have enabled me to verify the reports which I had heard of the efficacy of JAMES'S POWDER, in sometimes removing the APOPLECTIC DIATHESIS in persons advanced in life. It is, moreover, worthy of observation, that JAMES'S POWDER has been of remarkable utility in certain instances of DETERMINATION OF BLOOD TO THE HEAD, which occurred at an early period of life, and threatened to end by effusion. Lastly, in two cases of GENERAL PLETHORA, in which, however, the head was more affected than any other part, JAMES'S POWDER was exhibited by me with perfect success."

Also vol. 1, p. 320.

"The following very simple method of exhibiting JAMES'S POWDER, in cases of undue determination of blood to the head, is that which I have generally pursued. The patient is made to begin with a very moderate dose, not more than two grains at bedtime, and to increase the dose by half-a-grain every night, until some sensible effect is produced upon the stomach, bowels, or skin. Should the stomach be affected with sickness, the dose must be lessened by one grain on the following night. By the addition of a little rhubarb to it, a larger quantity of JAMES'S POWDER may be administered than the stomach could otherwise bear. If the skin is softened, or the bowels affected, the dose should not further be increased, but it must be repeated every night for a considerable length of time: in several instances I have known eighteen or twenty grains taken for a considerable period without any inconvenience."

The following extract (showing the increasing estimation in which the true Dr. James's Powder is held by Medical Practitioners) is taken from "The Lumlaean Lectures," 1858-59, delivered before the Royal College of Physicians, by A. Tweedie, M.D., Physician to the London Fever Hospital, who is admittedly one of the highest practical authorities on the subject of Fever. He said, ("*The Lancet*," June 16, 1860, p. 590,) as follows:—

"If the febrile excitement be such as to require antimonial preparations, a pill containing 2 or 3 grains of James's Powder (prepared by Newbery) should be taken at intervals according to circumstances."

In writing to Messrs. Newbery, he made the following statement:—

"I wish that your preparation was always used."

To secure the dispensing of the original preparation, which, for 114 years, has been sold by the house of Newbery and Sons, in St. Paul's Churchyard, it is necessary to prescribe it as "PULVIS JACOBI VER., NEWBERY'S," otherwise another article (wanting in the best properties, and recommended to be given in a different code of dose, though called by the same name) may be substituted for the original medicine.

This substitution must bring disappointment, and of course deter Practitioners from prescribing Dr. James's Powder, or lead them to regard it as a preparation on which no dependence can be placed.

FRANCIS NEWBERY AND SONS.

45, St. Paul's Churchyard, London.

Prices for Dispensing $\frac{1}{4}$ oz. Bottle, 3s. 4d.; 1 oz. 9s. Usual Discount
