SAPPHO'S IMMORTAL DAUGHTERS

MARGARET WILLIAMSON

A search for Sappho through the poetry she wrote, the culture she inhabited, and the myths that have risen around her, Williamson's book offers the clearest picture yet of a woman whose place in the history of Western culture has been both assured and mysterious.

SOPHOCLES' TRAGIC WORLD

Divinity, Nature, Society

CHARLES SEGAL

In a series of engagingly written interconnected essays, Segal studies five of Sophocles' seven extant plays: *Ajax*, *Oedipus Tyrannus*, *Philoctetes*, *Antigone*, and *Trachinian Women*. He focuses our attention not on individual heroes and heroines, but on the world that inspired and motivated their actions—a universe of family, city, nature, and the supernatural.

A Showcase for International Scholarship

Though it has been serving the scholarly community since 1925, *The Classical Bulletin* has never been more vital and meaningful than it is today. Because scholarship published in languages other than English, French and German has never been easily available in the West, the journal is devoted to opening the doors to international scholarship by showcasing the works of scholars whose writings would otherwise not be available to Western classicists.

You can aid our efforts to encourage a healthy exchange of information within the international community of scholars in two ways.

First...

You can provide articles dealing with classical scholarship published in languages other than English, French or German. The submissions could include:

- Abstracts ● History of scholarship in a specific country
- Bibliographies ● Book reviews
- Information about archaeological artifacts
- Communications from classical associations

Second...

You can subscribe to the journal and see to it that your institutional library is a subscriber, assuring that you, your colleagues and students have access to a unique and important source of information.

Annual Subscriptions: USA, \$25.00; Foreign, \$35.00 (2 issues per year)
