

## Corrigendum

# Centers for medicare and medicaid services hospital-acquired conditions policy for central line-associated bloodstream infection (CLABSI) and catheter-associated urinary tract infection (CAUTI) shows minimal impact on hospital reimbursement—CORRIGENDUM

---

The title of the article by Calderwood et al<sup>1</sup> was incorrect in the final published version. The original title should have read “catheter” instead of “cather.” This has been updated in the original published article. The authors apologize for this error.
