Encyclopedia of Public International Law in Asia Online

Seokwoo Lee, Inha University Law School

Incorporating the work of numerous leading scholars, the *Encyclopedia of Public International Law in Asia (Online)* provides a detailed description of the practice and implementation of international law in various Asian states. The *Encyclopedia* covers the introduction of Western international law; the resulting shift from Asian international law and the development of international law; and the impact that all of this has had on Asian states.

The Italian Review of International and Comparative Law

Editors-in-Chief: **Fulvio M. Palombino**, **Giuseppe Martinico**, and **Andrea M.T. de Guttry**

The Italian Review of International and Comparative Law offers an authoritative forum for debate on all subjects related to public and private international law, comparative law and European law. International law and comparative law are increasingly intertwined, but are rarely studied together. The Review not only fills this gap, but also encourages the use of comparative law methodology in the investigation of international law.

THE LATEST FROM ASIL PRESIDENT-ELECT GREGORY SHAFFER

Victorious after World War II and the Cold War, the United States and its allies largely wrote the rules for international trade and investment. Yet, by 2020, it was the United States that became the great disrupter – disenchanted with the rules' constraints. Paradoxically, China, India, Brazil, and other emerging economies became stakeholders in and, at times, defenders of economic globalization and the rules regulating it. *Emerging Powers and the World Trading System* explains how this came to be and addresses the micropolitics of trade law – what has been developing under the surface of the business of trade through the practice of law, which has broad macro implications.

“A superb analysis of the crisis in the legal order governing world trade.”

MARTIN WOLF, FINANCIAL TIMES

“If you want to understand the past and the future of the transnational legal order for trade, read this book!”

JENNIFER HILLMAN, SENIOR FELLOW AT THE COUNCIL ON FOREIGN RELATIONS

“Eloquently illuminates a complex but vital subject – the law's power to shape a more inclusive model of transnational trade.”

ROBERTO AZEVÊDO, FORMER DIRECTOR-GENERAL OF THE WORLD TRADE ORGANIZATION
