

CONTRIBUTIONS

The Editors wish to advise that there has been a recent decline in the submission of contributions of an acceptable standard. Rather than sacrifice quality for quantity, it has been decided to reduce the length of each issue of Volume 25. This restriction, which the Editors regret, will be lifted as soon as possible.

Contributions to the *Journal* are welcomed. They may be submitted in either English or French. They should not exceed about 6000 words (excluding footnotes), except with the prior approval of the Editors. A summary of the contents of the article, not exceeding about 300 words in length, should be attached on a separate sheet. Contributors are asked to observe closely the conventions listed in the Notes for Contributors, Vol. XV, pp. 173-4. It is essential that contributors observe these conventions, as the *Journal* now goes straight into page proof. This severely limits the number of corrections which are possible.

Page proofs will be sent, if necessary by airmail, to each contributor (or his nominee) provided that the Editors have been given an address through which he can be reached without delay. Corrections should be kept to the minimum, and should be corrections, not new material. If they are to be incorporated in the master proof corrected by the Editors, it is important that the contributor should return the page proofs, by airmail if necessary, to the Editor named when they are sent out (and *not* to the Cambridge University Press), within ten days of his receipt of them.

Contributors of articles and review articles receive 25 free offprints. Additional offprints may be obtained at reasonable cost, provided that they are ordered before publication on the special form sent out with the page proofs.

All contributions and books for review should be addressed to The Editors, *The Journal of African History*, School of Oriental and African Studies, University of London, London, W.C.1E 7HP.
