Religion is Reasonable

by Thomas Corbishley, S.J.

'First and foremost an excellent book to put into the hands of those genuine enquirers into Christianity in general, and Catholicism in particular, whose smatterings of philosophy run counter to those traditional systems which are often considered outmoded. . . . A very readable book.'

MGR GORDON WHEELER—*The Tablet*

'I can hardly imagine any more important writing than this at the present time. . . . I hope the book spreads far and wide among those who feel the need for a modern approach and understanding of their faith.'

JOTTER—*The Catholic Herald*
