## Spry2 regulates signalling dynamics and terminal bud branching behaviour during lung development -

# RETRACTION

---

YINGYING ZHAO AND TIMOTHY P. O'BRIEN

The article cited above (Zhao and O'Brien, 2015) was submitted for publication in the journal *Genetics Research* on the assumption that all co-authors had agreed to the submission. However, Dr O'Brien had not consented to the submission and subsequent publication of this manuscript.

The Publisher has agreed to retract this manuscript.
