THE NATIONAL AEROSPACE LIBRARY FARNBOROUGH

FULL LIBRARY CATALOGUE NOW AVAILABLE ONLINE. VISIT
WWW.AEROSOCIETY.COM/NAL TO BROWSE THE COLLECTION

The National Aerospace Library houses an extensive collection devoted to aeronautics, aviation and aerospace technology. This includes:

- › Over 20,000 aeronautical books
- › A vast collection of key aviation journals
- › Over 40,000 technical reports
- › Extensive holdings of Air Publications, ATA handling notes and air accident reports
- › Extensive current holdings of International Civil Aviation Organization (ICAO) Documents / Annexes / Circulars
- › Notices to Airmen / The Air Pilot / UK Aeronautical Information Publication (AIP)
- › A complete set of Jane's All The World's Aircraft
- › Historically important past minutes of the Society of British Aircraft Constructors / Aerospace Companies (SBAC) Council and its various committees dating from 1916-2000
- › Located at Farnborough Business Park, in the former Royal Aircraft Establishment Building now known as 'The Hub'

**ROYAL
AERONAUTICAL
SOCIETY**

Enhance Your Career With the World's Foremost Aerospace Community

Join us! If you are working, studying or interested in the aeronautical or aerospace sector, then there is a membership grade for you

We support our members in:

- promoting the highest possible standards in all aerospace disciplines
- providing specialist information and acting as a forum for the exchange of ideas
- playing a leading role in influencing opinion on aerospace matters.

Our Society's membership is drawn from a diverse range of organisations and fields of expertise including aircrew, air traffic control, systems design, engineering, technicians, military and civilian MoD professionals along with professions that serve the aerospace and aviation industry, such as law, finance, marketing, medicine and recruitment.

As a community we continue to add value through:

Knowledge & Expertise

Our National Aerospace Library is one of the world's most extensive aerospace libraries and the online catalogue offers quick and easy access to over 100,000 items.

The Society's 24 Specialist Groups generate a programme of around 25 conferences and 30 evening lectures each year providing you with the opportunity to meet, discuss and network to further your continuing professional development. We have international reach through our Aero Society Podcast, online conference proceedings and Discussion Papers.

The Society's flagship magazine AEROSPACE aims to provide our community with expert insight and thought-provoking debate on the future of aerospace, aviation and spaceflight, through stimulating and relevant features, in addition to providing our members with in-depth analysis and industry news each month.

Networking & Influence

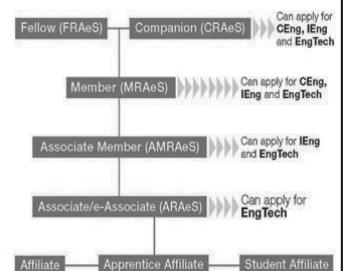

With over 70 regional and international Branches, our members engage, contribute and participate in their local aerospace community through lectures, events and social activities. Through our growing Corporate Partner scheme, we continue to highlight and encourage the industry's commitment to best practice in the aerospace sector.

Future Generation

In partnership with ADS Group, our dedicated Careers in Aerospace website helps thousands of young people to understand the exciting opportunities open to them within aerospace.

The Schools Build-a-Plane Challenge, creates an opportunity for secondary school students to develop new skills building an aircraft and watching it take to the skies. In partnership with Boeing, the programme aims to motivate, encourage and inspire young people in STEM subjects and to help them develop invaluable skills such as project management, problem-solving and team work.

Submission of Manuscripts

All manuscripts should be submitted online at: <http://www.edmgr.com/aeroj>
Any enquiries should be directed to Wayne J Davis at aerjournal@aerosociety.com.
The current set of instructions for authors are available at: <http://journals.cambridge.org/AER>

Subscriptions

The Aeronautical Journal (ISSN 0001-9240) is published monthly in 12 issues each year.

Non-Members

The subscription price (excluding VAT) to *The Aeronautical Journal* for volume 121 (2017), which includes print and electronic access, is £551 (USA, Canada and Mexico US\$827) and includes delivery by air; single parts are available at £53 (USA, Canada and Mexico US\$79) plus postage. The electronic-only price available to institutional subscribers is £483 (USA, Canada and Mexico US\$725). EU subscribers (outside the UK) who are not registered for VAT should add VAT at their country's rate. VAT registered subscribers should provide their VAT registration number. Orders, which must be accompanied by payment, may be sent to any bookseller or subscription agent or direct to the publishers: Cambridge University Press, UPH, Shaftesbury Road, Cambridge CB2 8BS, or in the USA, Canada, and Mexico to Cambridge University Press, Journals Fulfillment Department, 1 Liberty Plaza, Floor 20, New York, NY 10006, USA. Japanese Prices for institutions are available from Kinokuniya Company Ltd, P.O. Box 55, Chitose, Tokyo, Japan.

RAeS Members

The subscription price for RAeS members is £89 for Hardcopy and online access and £68 for online access only. Individual copies are £7.75. Orders are available from: Membership Department, Royal Aeronautical Society, No.4 Hamilton Place, London, W1J 7BQ, UK. Tel: +44 (0)20 7670 4304 or email: subscriptions@aerosociety.com

RAeS Conference Proceedings

Details, prices and availability of Royal Aeronautical Society Conference Proceedings can be obtained from: RAeS Conference and Events Department, No.4 Hamilton Place, London, W1J 7BQ, UK. Tel: +44 (0)20 7670 4345, email: conference@aerosociety.com or via www.aerosociety.com/events/catch-up-on-events/conference-proceedings

Advertising

All advertising enquiries should be sent to Simon Levy, simon.levy@aerosociety.com

Internet Access

The Aeronautical Journal is included in the Cambridge Journals Online service and can be found at: <http://journals.cambridge.org/AER>.

The Aeronautical Journal now supports open access publications across its hardcopy and online platforms, and accepts papers to consider for publication under both the 'green' and 'gold' open access options.

Information contained within *The Aeronautical Journal* has been published in good faith and the opinions expressed do not represent those of the Royal Aeronautical Society.

The Royal Aeronautical Society is a registered charity: No 313708

CONTENTS

Volume 121 Number 1242

August 2017

F.A.E. Breugelmans ISABE and the 2017 symposium	1029
Y. Lin, R. Vadlamani, M. Savill and P. Tucker Wall-resolved large eddy simulation for aeroengine aeroacoustic investigation	1032
M. Diakostefanis, T. Nikolaidis, S. Sampath and T. Triantafyllou Remote operation and monitoring of a micro aero gas turbine	1051
K. Abo Amsha, T.J. Craft and H. Iacovides Computational modelling of the flow and heat transfer in dimpled channels	1066
J. Li, X. Sun, Y. Liu and V. Sethi Preliminary aerodynamic design methodology for aero engine lean direct injection combustors	1087
Yi-Guang Li Diagnostics of power setting sensor fault of gas turbine engines using genetic algorithm	1109
Ç. Atalayer, J. Friedrichs and D. Wulff Aerodynamic investigation of S-duct intake for high power turboprop installed on a channel wing	1131
A. Laura Cordes, B. Tim Pychynski, C. Corina Schwitzke, D. Hans-Jörg Bauer, A. Thiago P. de Carvalho and B. Hervé P. Morvan Experimental study of the pressure loss in aero-engine air-oil separators	1147
A. Rolt, V. Sethi, F. Jacob, J. Sebastianpillai, C. Xisto, T. Grönstedt and L. Raffaelli Scale effects on conventional and intercooled turbofan engine performance	1162
A. Boulanger, J. Hutchinson, W.F. Ng, S.V. Ekkad, M.J. Keefe, W. Xu, B. Barker and K. Hsu Experimental investigation of the onset of sand deposits on Hastelloy-X between 1,000°C and 1,100°C	1187
L. Pawsey, D. J. Rajendran and V. Pachidis Aerodynamic performance of an un-located high-pressure turbine rotor	1200
