

# IAU Transactions XXXI

## Proceedings of the Thirty-First General Assembly Busan 2022

These Transactions provide a record of the organisational and administrative activities of the IAU XXXI General Assembly, which took place in Busan, Republic of Korea in August 2022, with Business Meetings virtually in August 2021. They report and record all of the essential decisions taken by the governing body of the IAU. These include the approval of the financial accounts and of the proposed budget for the next 3 years, the admission of new national and individual members, the Divisions, Commissions, and Working Groups, the new Officers and Executive Committee, and the approval of Resolutions, as well as Opening and Closing Ceremonies and other events. Focus Meetings are published in the "Astronomy in Focus" series, and each Symposium has its own Proceedings.

Proceedings of the International Astronomical Union  
*Editor in Chief: Dr. José Miguel R. Espinosa*

This series contains the proceedings of major scientific meetings held by the International Astronomical Union. Each volume contains a series of articles on a topic of current interest in astronomy, giving a timely overview of research in the field. With contributions by leading scientists, these books are at a level suitable for research astronomers and graduate students.
