

8 Handbuch der sprachwissenschaftlichen Russistik und ihrer Grenzdisziplinen

Herausgegeben von Helmut Jachnow
unter Mitarbeit von S. Dönninghaus, K. Niehörster, K. Tafel
und M. Wingender

1999. XIX, 1366 Seiten (ISBN 3-447-03940-X),

gb, DM 298,- /öS 2175,- /sFr 265,-

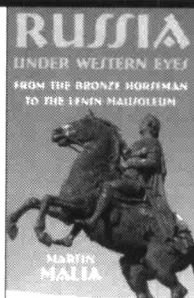

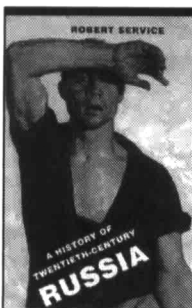

Ab. 1.1.2000: DM 368,- /öS 2686,- /sFr 327,50

Die 42 Beiträge des Handbuchs sind folgenden Sachgebieten zuzuordnen: Strukturen der russischen Standardsprache; Rezente Varianz des Russischen; Historische Varianz des Russischen; Russisch im multinationalen Kontext; Theoretische Konzeption der sowjetischen/russischen Sprachwissenschaft; Geschichte der russischen Sprachwissenschaft sowie der Sprachwissenschaft in Rußland und der UdSSR; Grenz- und Anwendungsbereiche der Sprachwissenschaft in der UdSSR und den GUS-Staaten; Die russische Sprache im Kreise der anderen slawischen Sprachen.

10 Handbuch der Südosteuropa-Linguistik

Herausgegeben von Uwe Hinrichs
1999. Ca. 896 Seiten (ISBN 3-447-3939-6),
gb, ca. DM 178,- /öS 1299,- /sFr 158,-

Das Handbuch präsentiert den aktuellen Kenntnisstand der Linguistik Südosteuropas vor dem Hintergrund der Allgemeinen Sprachwissenschaft und der benachbarten Humanwissenschaften im Kulturraum Balkan nach der politischen Wende von 1989. Neben den Sprachen Bulgarisch, Makedonisch, Rumänisch, Albanisch, Neugriechisch, Serbisch, Kroatisch und Bosnisch wird der übergreifende Einfluß des Slavischen, Türkischen, Ungarischen, Griechischen und Lateinischen auf dem Balkan beschrieben, die grammatischen Wechselbeziehungen ("Balkanismen") zwischen den Sprachen, ihre Schriften sowie die Bedeutung des sog. "Sprachbundes" für eine zukünftige Linguistik Europas. Der linguistische Teil ist eingebettet in den kulturhistorischen Hintergrund. Das enzyklopädische Wissen zu den Sprachen und Kulturen wird ergänzt durch den Entwurf einer besonderen südosteuropäischen 'Weltanschauung', die zum Verständnis von Geschichte und Zeitgeschichte unabdingbar ist.

A History of Twentieth-Century Russia

ROBERT SERVICE

"In his fresh and lively survey of recent Russian history, Robert Service spans the whole era from the rise of communism in the first decade of this century to the aftermath of its collapse in 1991. It is far more than a comprehensive summary of the established facts, and provides an introduction to the results of Western and Russian research."

—THE ECONOMIST

Russia under Western Eyes

From the Bronze Horseman to the Lenin Mausoleum

MARTIN MALIA

"*Russia Under Western Eyes* is the most insightful book published in any language to date on Russia's place in European intellectual and political history. It is likely to stand as the definitive treatment of the subject for years to come...Malia has set a standard of proof that will be exceedingly difficult for his critics to match."

—Jack F. Matlock, Jr.

Mikhail Kuzmin

A Life in Art

JOHN E. MALMSTAD AND

NIKOLAY BOGOMOLOV

Mikhail Kuzmin, Russia's first openly gay writer; stood at the epicenter of the turbulent cultural and social life of Petersburg-Petrograd-Leningrad for over three decades. Only now is he beginning to emerge from the "official obscurity" imposed by the Soviet regime to assume his place as one of Russia's greatest poets and one of this century's most characteristic and colorful creative figures. This biography is the first in any language to be based on full and uncensored access to the writer's private papers, including his notorious *Diary*.

New from Princeton

Thank You, Comrade Stalin!

Soviet Public Culture from Revolution
to Cold War

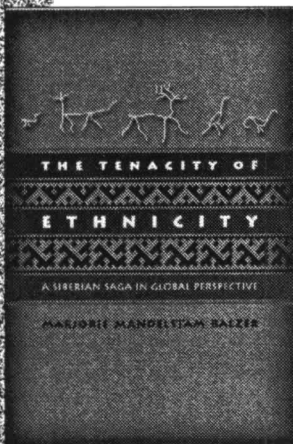

Jeffrey Brooks

“Thank you, our Stalin, for a happy childhood.” “Thank you, dear Marshal [Stalin], for our freedom, for our children’s happiness, for our life.” Between the Russian Revolution and the Cold War, slogans like these appeared routinely in newspapers, on posters, and in government proclamations. In this penetrating study, Jeffrey Brooks draws on years of research into the most influential and widely circulated Russian newspapers to explain the origins, the nature, and the effects of this unrelenting idealization.

“An important contribution to the understanding of a regime that exerted such baleful influence on the twentieth century.”

—Richard Pipes, Harvard University

Cloth \$35.00 ISBN 0-691-00411-0 *Due December*

The Tenacity of Ethnicity

A Siberian Saga in Global Perspective

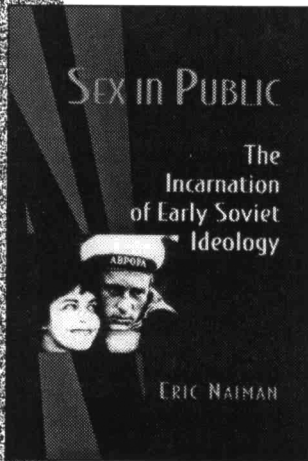

Marjorie Mandelstam Balzer

Marjorie Mandelstam Balzer combines extensive field research with historical inquiry to produce this dramatic study of a minority people in Russia, the Khanty (Ostiak) of Northwest Siberia. Although First Nations, indigenous peoples, have often been victims of expansionist state-building, Balzer reveals how some Khanty have preserved their cultural values, as well as their dignity. She brings Khanty views of their history and current life into focus, and demonstrates how at each historical turn, Siberian experiences shed new light on old debates concerning colonialism, conversion, revitalization, ethnicity, and nationalism.

Sex in Public

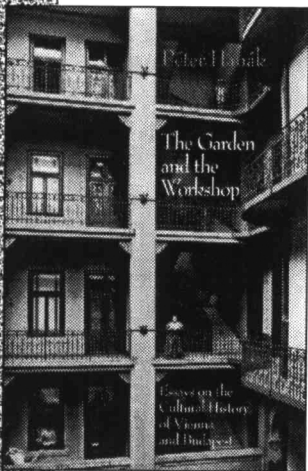

The Incarnation of Early Soviet Ideology
Eric Naiman

“This is a big book—large in its scope and ambitions. Naiman offers a bold reassessment of early Soviet ideology. . . . Like a prosecutor preparing for a case, Naiman uses this mass of evidence to make a dense argument for the centrality of sex to fears about the future of the revolution. . . .”

—Lynn Mally, *Europe-Asia Studies*

“Naiman has written an original, thought-provoking, and well-researched book that is destined to become a classic study. . . . Few can deny the insightful, ground-breaking quality of *Sex in Public*.”—Ronald D. LeBlanc, *Slavic and East European Journal*

Paper \$21.95 ISBN 0-691-02625-4

The Garden and the Workshop

Essays on the Cultural History of
Vienna and Budapest
Péter Hanák

With a preface by Carl E. Schorske

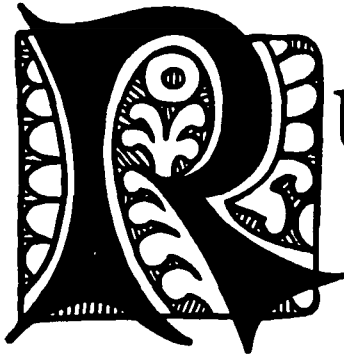

“*The Garden and the Workshop* is not only for lovers of Vienna and Budapest, it is for history buffs of all stripes. But it is likewise for anyone interested in seeing what Hanák implicitly shows time and time again, namely the many points that postmodernist fin-de-siècle relativism shares with our own fin-de-siècle (or should I say fin-de-millennium?) postmodernist variety of same.”

—Michael Heim, *Washington Post Book World*

Russia's Workers in Transition

Labor, Management, and the State under Gorbachev and Yeltsin

Paul T. Christensen

"Original, provocative, and deeply empirical, Christensen's book recasts the international discussion about transitions to democracy and capitalism."—Valerie Bunce, Cornell University

- Based on impressive archival research and extensive fieldwork, this timely study compares the policies of Gorbachev and Yeltsin as each attempted to throw off the legacies of Soviet economic policies. Christensen focuses on the organization and activism of the Russian working class, arguing that the labor movement under Gorbachev was crucial for the destruction of communism, while Yeltsin's unregulated privatization weakened the emerging worker movement.

Working the Rough Stone

Freemasonry and Society in Eighteenth-Century Russia

Douglas Smith

"The best work on Russian Freemasonry. . . . Interesting and convincing."

—Gary Marker, SUNY Stony Brook

- In this first study of eighteenth-century Russian Freemasonry to appear in English, Smith explores Freemasonry as an instrument for social change. By "working the rough stone" of their inner thoughts and feelings, Freemasons became champions of moral enlightenment and helped to lay the foundation for the birth of a civil society in Russia.

20 illustrations 0-87580-246-X \$38.00 cloth

"Godless Communists"

Atheism and Society in Soviet Russia, 1917–1932

William B. Husband

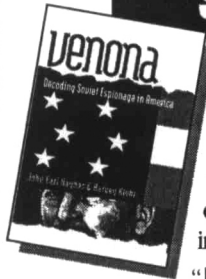

"Elegantly written . . . extraordinarily rich, complex, and far-ranging."

—Gregory Freeze, Brandeis University

- Husband provocatively redefines the role of religion in Russian culture and society. He draws on archival and ethnographic sources, journals, newspapers, and eyewitness accounts to show that, amid strident contention between activist believers and militant atheists, the majority integrated their feelings toward religion and atheism with other, non-spiritual concerns.

NEW FROM CAMBRIDGE

Post-Communist Party Systems

Competition, Representation, and Inter-Party Cooperation

**Herbert Kitschelt,
Zdenka Mansfeldova,
Radoslaw Markowski, and
Gabor Toka**

Post-Communist Party Systems examines democratic party competition in four post-communist polities in the mid-1990s, Bulgaria, the Czech Republic, Hungary, and Poland. Legacies of precommunist rule turn out to play as much a role in accounting for differences as the institutional differences incorporated in the new democratic rules of the game. The book demonstrates various developments within the four countries with regard to different voter appeal of parties, patterns of voter representation, and dispositions to join other parties in legislative or executive alliances.

Organizing Women in Contemporary Russia

Engendering Transition

Valerie Sperling

This book offers a rich and clearly-written analysis of the women's movement in contemporary Russia. It tells the engaging story of the women's movement's formation and development in a country undergoing a radical economic and political transition from communist rule. Based on extensive interviews with the activists themselves, the book vividly documents the specific challenges facing women's groups in Russia, including societal attitudes toward feminism, the difficulty of organizing in post-communist countries, and the ways that the international environment has affected the women's movement.

Reconstructing the State

Personal Networks and Elite Identity in Soviet Russia

Gerald M. Easter

Using newly available archival sources, this book presents a new explanation for the rise and subsequent collapse of the Soviet state. The study explains how personal networks and elite identity served as informal sources of power that influenced state strength. *Reconstructing the State* also offers new interpretations of how the weak Bolshevik state extended its reach to a vast rural and multi-ethnic periphery as well as the dynamics of the center-regional conflict in the 1930s that culminated in the Great Terror.

Central and Eastern Europe 1944–1993

Detour from the Periphery to the Periphery

Ivan T. Berend

Ivan Berend uses a vast range of sources, as well as his own personal experience, to analyze the fortunes of the postwar socialist regimes in Eastern Europe. His comparative approach stretches beyond the confines of economic history to produce a work of political economy, encompassing the cultural and personal forces that have influenced the development of the "Eastern Bloc" countries over the past fifty years.
