## The Origins of Mental Illness

GORDON CLARIDGE

The controversial claim of this brilliantly written book is that people who develop psychiatric disorders do so in keeping with a basic predisposition which inclines them towards 'deviancy' or 'normality'. This is a powerful statement of a new and unorthodox concept of mental illness and a challenge to current traditions.

240 pages, hardback £22.50  
(0 631 14198 7)  
paperback £7.95  
(0 631 14473 0)

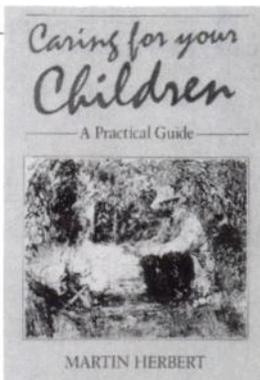

## Caring for Your Children

A Practical Guide  
MARTIN HERBERT

A practical and down-to-earth guide for everyone involved in the caring for and bringing up of children – parents, teachers, relatives, health visitors and social workers. Based on sound psychological theory, the book is primarily concerned with behaviour and shows how early parental intervention can prevent and correct later problems.

272 pages, hardback £12.50  
(0 631 13824 2)  
paperback £4.95  
(0 631 14426 9)

## Schizophrenia and Human Value

Chronic Schizophrenia. Science and Society  
PETER BARHAM

'Barham makes an important contribution to understanding schizophrenia . . . he writes elegantly and lucidly.'

*New Society*

'This is a valuable book which should be read not only by psychiatrists, but by all those many parents who have a schizophrenic son or daughter.'

Anthony Storr, *Sunday Times*

# The Retreat, York

## for Psychiatric Illnesses

Founded in 1792 by the Quaker, William Tuke, who established the tradition of concern for patients as individuals The Retreat is a 200-bedded private registered nursing home surrounded by extensive grounds on the outskirts of the historic City of York. It is easily reached by rail and motorways.

Care and treatment is offered for all types of psychiatric illness on the short or long term in a sympathetic and friendly atmosphere. Patients suffering from neuroses, psychoses, alcoholism and dementia are treated by the full-time consultant psychiatrists in surroundings suitable for their individual needs. Outpatient facilities are available by appointment with the consultant medical staff.

The Nursing Home is a registered charity and is able to offer inclusive care in shared accommodation from £30.00 per day or in single rooms at slightly increased charge. The Nursing Home is recognised by the main private patient schemes.

For further details apply to The Medical Director, The Retreat, York YO1 5BN (Telephone 0904 412551).

# DEMENTIA.

## DIAGNOSIS AND TREATMENT.

Dementia is a field of growing importance to psychiatry and its relationship with other medical specialities, and many new findings with regard to its classification, diagnosis and pathology have emerged in recent years.

This symposium will provide a broad update of these issues but will also tackle some of the treatment and management problems to create a forum to meet and discuss both the practical and the educational needs of clinicians and others in related fields.

Guest speakers will include Professor W. A. Lishman, Professor C. Gottfries, Dr. R. J. Jacoby, Professor A. N. Davison, Dr. R. Frackowiak, and Professor E. Murphy.

The symposium will be held at The Royal Society, 6 Carlton House Terrace, London SW1 on Friday 29th November, commencing at 9.30 a.m. and finishing around 5.00 p.m.

The cost of registration – excluding lunch – will be £30. Full details of the speakers and their specific topics will be published in September.

For further information – and to ensure that you receive a copy of the programme and registration form – please contact **Rowena Hardy** at **Charter Medical of England Ltd., 51 Harley Street, London W1. Tel: 01-631 0060.**
