SYMPOSIUM PROCEEDINGS

One Hundred and Thirty-fourth Scientific Meeting

FOOD LOSSES IN FIELD AND STORE		PAGE
Nematode injury to crops. By F. G. W. JONES		1
Crop losses by insects and the problem of control. By M. J. WAY		5
Losses resulting from the infestation of stored products by insects. By G. V. B. HERFORD		11
Disease losses in potatoes. By E. C. LARGE		15
Food losses through animal disease. By F. B. LEECH		20

One Hundred and Thirty-fifth Scientific Meeting

FOOD HABITS IN BRITAIN		
The changing patterns in British food habits since the 1939-45 war. By DOROTHY F. HOLLINGSWORTH		25
Diet of London busmen—a sample study. By E. MARY BRAMWELL		30
Food habits in pregnancy. By NAN TAGGART		35
Flavour and flavour acceptance. By MARY ANDROSS		40
The effects of industrialization, recent food legislation and advertising on food habits in Britain. By MAGNUS PYKE		46

One Hundred and Thirty-seventh Scientific Meeting

CALORIE BALANCE IN MAN		
Basic physiological factors affecting calorie balance. By J. V. G. A. DURNIN		52
The central nervous regulation of calorie balance. By G. C. KENNEDY		58
The effects of the endocrine system on calorie balance in man. By RAYMOND GREENE		64
Adipose tissue metabolism and calorie balance. By T. M. CHALMERS		68
Energy expenditure and calorie intake in young men. By O. G. EDHOLM		71
Calorie requirements in human pregnancy. By A. M. THOMSON and F. E. HYTEN		76
Energy balance in early life. By E. M. WIDDOWSON		83

ABSTRACTS OF COMMUNICATIONS

One Hundred and Thirty-sixth Scientific Meeting

Soup: an appetizer or a food. By THOMAS McLACHLAN	i
The availability of nutrients in diets containing differing quantities of unavailable carbohydrate: a study on young and elderly men and women. 1. General description and proportionate losses of calories. By J. V. G. A. DURNIN	ii
The availability of nutrients in diets containing differing quantities of unavailable carbohydrate: a study on young and elderly men and women. 2. Nitrogen, fat, carbohydrates and some inorganic constituents. By D. A. T. SOUTHGATE	iii
The role of α -tocopherol in the pig. By W. M. F. LEAT	iii
The effect of natural and synthetic fats on the production of atherosclerosis and thrombosis in the rat. By A. N. HOWARD and G. A. GRESHAM	iv
Thyroid activity and the dental enamel. By D. E. HUGHES and DAGMAR C. WILSON	v
Prevention of enzootic muscular dystrophy by selenium administration. By K. L. BLAXTER, E. S. R. MCCALLUM, R. S. WILSON, G. A. M. SHARMAN and L. G. DONALD	vi
Protein as a source of energy for synthesis of fat in sheep. By A. K. MARTIN and K. L. BLAXTER	vii
The protein value of human breast milk. By B. S. PLATT and D. S. MILLER	viii
Coprophyagy and vitamin B ₁₂ in the rat. By T. B. MORGAN, MARGARET E. GREGORY, S. K. KON and J. W. G. PORTER	ix
The calorie value of sorbitol. By T. B. MORGAN and JOHN YUDKIN	x
Effect of ascorbic acid and of cellulose on the thiamine requirement of the rat. By T. B. MORGAN and JOHN YUDKIN	x
