

Addendum to Abstracts Presented at the Joint Mid-Year Meeting for:

The International Neuropsychological Society, Federation of Spanish Societies of Neuropsychology, Spanish Neuropsychological Society, Spanish Psychiatry Society

**July 4-7, 2007
Bilbao, Spain**

The following abstracts were not presented at the Mid-Year Meeting:

Poster Session 1:

LESUEUR, L Confusion In Learning Dysfunction Classification: Toward A Tighter Theory.

MIRANDA, MC Are the Computerized and Manual Versions of the Wisconsin Card Sorting Test Equivalent? A Comparative Preliminary Study on Samples of North American and Brazilian children.

BALCONI, M Cross-modal (Voice and Face) Perception of Emotion. ERPs and Behavioral Analyses.

EVANS, JJ The Frequency and Nature of Deficits in Facial Emotion Perception After Brain Injury.

BILBAO, AB Factors influencing the simulation of memory deficits.

Poster Session 2:

BARAK, O Depression and Coping in Persons Infected with HIV.

SAAVEDRA, G One Case of Heatstroke and Neuropsychological Sequelae.

BUTTERFIELD, LC The Influence of Apathy and Depression on Cognitive Functioning in Parkinson's Disease.

GRAY, J Subjective organization and impaired verbal learning learning in bipolar disorder while euthymic.

GALLAGHER, P Spatial Memory Impairments in Depressed Patients with Bipolar Affective Disorder.

Poster Session 3:

CASHION, L The Melbourne Effect: Differences In Sustained Attention In Urban And Regional Australian Children.

AHONNISKA-ASSA, J A Case of Developmental Amnesia: Dissociation between Impaired Episodic and Unimpaired Semantic Memory.

BUENO, OF Free Recall and Aging: Bridging Short-Term and Long-Term Memory.

RASPALL, T Reliable Mesial Temporal Lobe Activation Using a Classical Neuropsychological Memory Paradigm. A fMRI Study.

O'CONNOR, MG ECT and Memory Consolidation: A Dissociation between Anterograde and Retrograde Memory.

Poster Session 4:

AGUILAR MEJIA, OM Protocol of Neuropsychological follow up in childrens during the epilepsy surgery process.

GÓMEZ, JD Language monitoring during surgery in brain eloquent areas.

BEKKEN, K Development of Fibromyalgia (FM) Following Mild Traumatic Brain Injury (TBI).

KWAPIL, KJ Neuropsychological Outcome following Mild Traumatic Brain Injury: Clinical Significance and Reliable Change Indices.

Poster Session 5:

PLUCK, G Frontal Systems Behavior and Psychiatric Symptoms among Homeless Adults.

TORRALVA, T Buenos Aires Waiters: Strategies to enhance memory capacity.

Poster Session 6:

GROGAN, M Long-term Neuropsychological Effects of Low-grade Brain Tumours in Children: A Specific Focus on Attention, Executive Functioning and Quality of Life

EMOND, A Performance of Primary School Children on Measures of Post-Traumatic Amnesia (PTA)

SHERESHEVSKY, G Examination of the Internal Structure of the DSS-ROCF Organization Scoring System in a Clinical Sample.

ANTEQUERA TORRES, M Dementia in a patient with diagnosis of a generalized disorder of the development.

OLIVEIRA, CC Autobiographical and semantic memory of drug users and non users adolescents: Gender comparison.

STIVANIN, L Processing time and characteristics of picture naming from Brazilian children with reading disorders.

BARROS NETO, R Theoretical and Practical Inquiry of Motor Development in 2 to 11 Years Old Children.

Poster Session 7:

ENCINAS, SM Formative Groups: a formative and therapeutic resource for caregivers of mild dementia patients.

GARCIA-MOLINA, A Therapeutic effectiveness of a Computerized Cognitive Rehabilitation Program in neurorehabilitation of traumatic

TRINIDAD, L Neuroconstructivistic Intervention for Attention Deficit Hyperactive Disorder.

BALASUBRAMANIAN, V Auditory Comprehension of Lexical versus Deep Structure Ambiguities in Three Groups of Brain Damaged Adults.

CASTRO, SF Portuguese Version of Psycholinguistic Assessments of Language Processing in Aphasia, PALPA-P.

STIVANIN, L Correlation between Latency Time and Reading Efficiency of 2nd, 3rd and 4th Grades Children.

ÁLVAREZ, D A Study about Diagnosis and Evolution in a Patient with Balint's Syndrome by Encephalitis.

FEDOROV, A Low vision patients rehabilitation. Neurophysiological basis of the recovery from optic nerve lesion.

VUKOVIC, M Types and evolution of aphasia following closed head injury.

DUMBRAVA, A Apathy More Than Depression Seems to Interfere with Early Motor Recovery After Stroke.

DUMBRAVA, A Motor Symptoms of Post-Stroke Depression.

GUTIÉRREZ, L Subcortical ischaemic vascular disease without dementia.

Poster Session 8:

MOZAZ, M Age Related Changes in Postural Knowledge.

CATALÀ, L Accumulation of genetic risk factors and cognitive impairment in Alzheimer disease.

PEREIRA, GE Comparison of the results of the Brief Cognitive Screening Battery, the Mini Mental State Examination and the Dementia Rating Scale of Mattis.

SHAW, K Memory function in older adults with and without Alzheimer's disease employing a kinesiology-movement based intervention.

FELICIAN, O Progressive Loss of Memory about Famous People in Right Temporal Variant of Semantic Dementia.

FLAHERTY-CRAIG, CV Frontal Dysfunction in ALS May Be Associated with Loss of Cognitive Insight in the Absence of Behavioral Change.

Amendments to Abstracts:

Implicit learning of structured auditory sequences: An advantage for verbal stimulus scheduled in Poster Session 3. Authors should be Luís Faisca, Inês Bramão, Christian Forkstam, Alexandra Reis, Karl Magnus Pettersson
