WATERGATE AND THE LAW

Political Campaigns and Presidential Power

Ralph K. Winter, Jr.

At the request of the Senate Watergate Committee, this report examines the major issues of the Watergate hearings. The AEI study and others commissioned by the Committee will be used in determining the need for new legislation.

Winter, professor of law at Yale Law School, discusses campaign financing, so-called "Dirty Tricks," executive privilege and power, national security and the advisability of an independent Department of Justice.

A panel of distinguished scholars headed by Professor Alexander M. Bickel of Yale Law School served as consultants.
