GEISINGER

Infectious Disease Opportunity

Director of System Epidemiology – Infection Control

Geisinger Health System, a nationally recognized leader in quality initiatives, is seeking a BC/BE Infectious Disease Physician to provide medical leadership of an Infection Control Program in an expanding multi-hospital healthcare system. The ideal candidate will possess data analysis skills and have prior experience in an environment which emphasizes quality healthcare delivery. This position will include inpatient ID responsibilities. An advanced degree (MPH) is desirable but not required dependent upon the applicant's qualifications.

Geisinger Health System Includes:

- Geisinger Medical Center, Danville, PA, a 408-bed, Level I tertiary/quaternary care center that includes the Weis Center for Research, Janet Weis Children's Hospital, and the Center for Health Research.
- Geisinger Wyoming Valley, Wilkes-Barre, PA, a 177-bed acute care community hospital nestled on the edge of the Pocono Mountains. It includes a freestanding heart hospital, a comprehensive cancer center and the Janet Weis Children's Hospital pediatric wing.
- Geisinger South Wilkes-Barre, Wilkes-Barre, PA, a acute care community hospital that is licensed for 190 beds, with an additional 20 skilled nursing beds and a 10-bed Adolescent Psychiatry Unit. GSVVB offers a wide range of services including an Emergency Department, a fully accredited Sleep Disorders Center, and a Heart Center featuring comprehensive diagnostic, cardiac catheterization laboratory, surgical and cardiac rehabilitation.
- Geisinger Community Practice, more than 40 single and multi-specialty physician offices throughout northeastern and central Pennsylvania.
- Teaching opportunities through our 75 medical and surgical specialties and 23 accredited residency and fellowship programs.
- Opportunities for clinical trials and outcomes research through Geisinger Center for Health Research and the Weis Center for Research.

Geisinger offers physicians:

- An MPH program in conjunction with The Johns Hopkins Bloomberg School of Public Health. The opportunity to pursue this training would be supported for the appropriate candidate.
- The opportunity to utilize a mature, fully-integrated electronic health record – connecting a comprehensive network of more than 40 community medical groups and an integrated network of over 650 Geisinger primary and specialty physicians.
- Paid medical malpractice insurance with tail coverage.
- Excellent benefits package including 4 weeks vacation and 3 weeks CME annually (with stipend).
- The benefits of Pennsylvania living —good schools and affordable homes in nice neighborhoods—just an afternoon's drive from the Poconos, New York City, Philadelphia and Washington, DC.

At Geisinger, you'll experience the support, camaraderie and professional challenges of a leading practice while discovering the charms of Pennsylvania living.

To discuss this opportunity, contact:

Kathy Kardisco, Recruiter

Geisinger Department of Professional Staffing,

100 North Academy Avenue, Danville, PA 17822-2428

Phone: 1-800-845-7112 • Fax: 1-800-622-2515

e-mail: kkardisco@geisinger.edu

Geisinger is a drug-screening employer; EOE/M/F/D/V.

The Journal of Infectious Diseases

Official publication of the Infectious Diseases Society of America

For more than a century, *The Journal of Infectious Diseases (JID)* has been the premier publication in the Western Hemisphere for original research on:

- Pathogenesis, diagnosis, and treatment of infectious diseases
- Microbes that cause infectious diseases
- Disorders of host immune mechanisms

Major articles in *JID* include research results from microbiology, immunology, epidemiology, and related disciplines. Published twice a month, the Journal communicates rapidly changing research efforts and findings.

JID Online

Read a sample issue, sign up for RSS feeds, register for e-mail tables of contents alerts, and use *UpToDate*, the free "topic link" information service — all online at www.journals.uchicago.edu/JID.

INFECTION CONTROL & HOSPITAL EPIDEMIOLOGY

The Society for Healthcare Epidemiology of America (SHEA) and the University of Chicago Press are pleased to inaugurate a publishing alliance to bring greater visibility to important research in healthcare epidemiology and infection control. Written by and for infection control practitioners, this peer-reviewed journal will provide you with a monthly forum for all your critical research needs.

Immediate benefits of the SHEA/UCP partnership

- Articles in full-text HTML and PDF, fully searchable
- Online-only features such as links to PubMed, the *Journal of Infectious Diseases*, and *Clinical Infectious Diseases*
- E-mail content alerts with HTML links
- RSS feeds
