**How to Make Mask for
Prevention of Influenza**

Instructions as to the making and use of masks have been sent out by the provincial board of health. These are to be used when taking care of influenza patients, and beginning on Thursday morning on all trains and street cars in the province. Here is the method of making the mask, published in *The Bulletin* some days ago and here repeated by request.

To Make a Mask—Take a piece of ordinary cheesecloth, 3x16 inches. Next fold this to make it 8x4 inches. Tie cord about 10 inches long at each corner. Apply over mouth and nose as shown in the picture.

To be worn in the sick room when taking care of the patient and on street cars and railway trains.

Keep the nose and mouth covered while coughing or sneezing.

A mask should not be worn more than two hours.

Article Submissions: Manuscripts must be submitted electronically to the *History of Education Quarterly* manuscript submission site at journals.sfu.ca/heq. Questions regarding submissions can be directed to the editorial staff at HEQedit@uw.edu. The editors will only consider articles that have been submitted exclusively to the *History of Education Quarterly*.

Book Reviews: Assignments of reviews are made from a file of potential reviewers. To have your name added to that file, please send your curriculum vitae to the book review editor at heqbooks@uw.edu. Requests to review particular books cannot be honored.
