Rosenne's Law and Practice of the International Court: 1920-2015 (4 Volume Set)

Fifth Edition

Malcolm N. Shaw QC, University of Cambridge

The popularity of his monumental and definitive works established Shabtai Rosenne as the undisputed expert on the International Court of Justice's law and practice of his time. Irrefutably the leading work on the court, previous editions of *Rosenne's Law and Practice of the International Court* have influenced generations of legal scholars, practitioners, judges, and students alike. The Fifth Edition, by Malcolm N. Shaw, combines his expertise as both an academic and practitioner to bring this monumental resource up-to-date while retaining Rosenne's distinctive voice, erudition, and rigorous objectives.

- November 2016
- Hardback (cxvii, 1976 pp)
- ISBN 9789004217980
- Price € 999 / US\$ 1,199
- Imprint: Brill | Nijhoff

Rosenne's Law and Practice of the International Court: 1920-2015 is also available online:

- January 2017
- ISSN: 2468-5992
- Outright Purchase Price: € 1.699 / US\$ 1,910
- brill.com/rose

Preserving Rosenne's focus on the caselaw of the Court, the Fifth Edition is supplemented with increased references to the leading academic literature, and, like the Fourth Edition, is divided into four substantive volumes:

- Volume I: The Court as one of the principal organs, in particular the principal judicial organ, of the United Nations. Diplomats and legal advisers who deal with matters relating to the Court on a political level and through different organs and offices of the United Nations will appreciate the full discussion of the diplomatic, political, and administrative aspects of the Court's affairs.
- Volume II: Jurisdiction and the treatment of jurisdictional matters by the Court. This volume also includes the Court's advisory jurisdiction, and how that work relates to complex legal issues in matters of major political import.
- Volume III: The Court's procedure.
- Volume IV: The work's final volume includes the English texts of the Charter of the United Nations, the Statute of the Court, the Practice Directions, the Rules of the Court, and a full set of indexes.

The Fifth Edition (updated through 2015) of *Rosenne's Law and Practice of the International Court* is an essential component of all international law libraries and an indispensable work for those practicing in the field, who will all appreciate access to the most recent work on the Court.

Professor Malcolm N. Shaw is a practicing Barrister at Essex Court Chambers. In addition to a varied and wide international practice, he also has an extensive career in the academy. He is currently a Senior Fellow at the Lauterpacht Centre for International Law, University of Cambridge.

Shabtai Rosenne was a distinguished lawyer, diplomat and teacher. He was the recipient of numerous prestigious awards including the Hague Prize for International Law in 2004.

The Impact of International Organizations on International Law

José E. Alvarez, New York University Law School

- October 2016
- Hardback (viii, 480 pp.)
- ISBN 9789004328396
- Price € 159 / US\$ 189
- E-ISBN 9789004328402
- E-Price € 159 / US\$ 189
- *Collected Courses of the Xiamen Academy of International Law, 7*
- Imprint: Brill | Nijhoff

The Impact of International Organizations on International Law addresses how international organizations, particularly those within the UN system, have changed the forms, contents, and effects of international law. Professor Jose Alvarez considers the impact on sovereigns and actions taken by the contemporary Security Council, the UN General Assembly, and UN Specialized Agencies such as the World Health Organization. He considers the diverse functions performed by adjudicators – from judges of the International Criminal Court to arbitrators within the international investment regime. This text raises fundamental questions concerning the future of international law given the challenges international organizations pose to legal positivism, to traditional conceptions of sovereignty, and to the rule of law itself.

“A masterfully crafted piece of scholarship that engages with the very *raison d'être* of international organizations. Written by one of the leading authorities in the field, this book provides an insightful, perspicacious and to-the-point analysis of the impact of international organizations in today’s international legal order while also shedding light on their weaknesses. A must read for all those whose work touches upon the law of international organization.” Laurence Boisson de Chazournes, *University of Geneva*

“The role of Public International Law, rooted largely in decisions of or relating to international institutions, has been steadily, quietly re-shaping international economic relations and other links between states and regions for decades. There is no greater authority on international organizations within the American law community than Professor José Alvarez. This volume illuminates these trends as well as their limitations and vulnerabilities. It delivers a first-rate, incisive primer on the field.” ~David M. Malone, *Under-Secretary-General of the United Nations, Rector of the UN University*

READERSHIP: Scholars and practitioners interested in International Organizations, Sovereignty, and public International Law.

José E. Alvarez is the Herbert and Rose Rubin Professor of International Law at New York University Law School. He served as President of the American Society of International Law (ASIL) from 2006-2008 and is currently the co-editor in chief of the American Journal of International Law.

Law 10

10 years of online law publishing from Oxford

Oxford Reports on International Law in Domestic Courts (ILDC) turns 10 this year. **ILDC** was created in 2006 and was the first module launched of the ***Oxford Reports on International Law (ORIL)*** service. By collecting together and analysing court decisions on key issues of international law, it has revolutionised research on the interpretation and application of international law at the national level. **ILDC** now features over 100 judgments from nearly 100 countries. Under the editorship of André Nollkaemper and August Reinisch, as well as former editor Erika de Wet, a global network of reporters selects cases from their local jurisdictions, puts the decisions into context, and explains their impact. Over the past decade, **ILDC** has shown how international law works in practice and opened up new, exciting avenues of research.

ILDC Statistics

1,700 case reports

94 countries

ORIL has gone on to set new standards for currency and coverage of public international case law, reporting on international courts, domestic courts and *ad hoc* tribunals. Case reports contain the full text of each decision, headnote, as well as analytical commentary and English translations of a number of key non-English decisions. **ORIL** is now rightly regarded as a must-have resource for the international law researcher.

Guidelines for Submission of Documents

The ILM Office welcomes any effort to bring suitable documents to the Office's attention. Electronic files or web links are required for publication, although printed texts can be used for initial deliberations regarding republication.

The authenticity (i.e., official version status) of submitted documents must be easily verifiable. This is facilitated by submitting files or print versions which are clearly attributable to the original source, or by providing links to documents on the original source's official website.

If the official version of a document is not available in English, an unofficial translation is acceptable. The original text must accompany such a translation.

Introductory Notes

Introductory Notes are brief articles from one to three pages in length which are intended to provide background information for a document reproduced in ILM.

For example, an Introductory Note for a treaty might include a short history of the negotiations, the dates of signature, and entry into force. An Introductory Note for legislation would give its history and international significance, while one for judicial proceedings would provide the background of the case.

The views of authors in Introductory Notes are their own and do not necessarily reflect those of either the American Society of International Law or the Managing Editor.

Acceptance of Materials and Corrections

Print submissions cannot be returned. Translators and others submitting material will be notified of the acceptance of their document for publication.

Once a translation or Introductory Note has been accepted for reproduction, the American Society of International Law will send a publication agreement to the author.

Translators and Introductory Note Authors shall be acknowledged in *International Legal Materials*.

In some cases minor editorial or typographical alterations may be made without contacting the author or translator. Major corrections will be sent to the author or translator for approval. Corrected Introductory Notes or translations must be returned within the time specified.
