

INDEX OF AUTHORS

| | PAGE |
|--|------|
| BACON, J. S. D., <i>see</i> MACRAE, T. F. | |
| BAKER, A. H., <i>see</i> TWORT, C. C. | |
| BARKWORTH, H. The effect of small amounts of chlorine on the reduction time of milk | 334 |
| BARKWORTH, H. and DAVIS, J. G. A cheap and efficient medium for the plate count of milk | 218 |
| BATTY-SMITH, C. G. The Eijkmann test for faecal coli in the bacteriological examination of water supplies. A survey and discussion of the experimental work from 1929 to the present day with a study of 104 water samples and of 602 cultures | 55 |
| BINGHAM, KAITILIN, <i>see</i> WILLS, LUCY | |
| BRODIE, JAMES and STIVEN, DAVID. Reclamation of used agar | 498 |
| BUCHANAN-WOLLASTON, H. J. Notes on the subject matter of a previous paper | 211 |
| BURTENSHAW, J. M. L. The mechanism of self-disinfection of the human skin and its appendages | 184 |
| | |
| CLEGG, L. F. L., <i>see</i> SHERWOOD, H. P. | |
| CLIMIE, HUGH. Immunization against typhoid and paratyphoid with alcohol-killed, alcohol-preserved and heat-killed, phenol-preserved, vaccine | 411 |
| | |
| DAVIS, J. G., <i>see</i> BARKWORTH, H. | |
| DAY, H. B. Studies in immunization by a species antigen. I. Preparation of species antigen from pneumococci | 532 |
| DE LOUREIRO, J. A. A modification of Wilson and Blair's bismuth sulphate agar (stabilized stock solutions) | 224 |
| DOBBS, R. H., <i>see</i> WILLS, LUCY | |
| DUNCAN, J. T. and WALKER, JACQUELINE. <i>Staphylococcus aureus</i> in the milk of nursing mothers and the alimentary canal of their infants. A report to the Medical Research Council | 474 |
| | |
| EDWARDS, J. L. An anaerogenic strain of <i>Proteus</i> | 238 |
| ELFORD, WILLIAM J. and VAN DEN ENDE, JOAN. An investigation of the merits of ozone as an aerial disinfectant. (With Plates 8 and 9 and 4 figures in the text) | 240 |
| | |
| FINN, S. R. and POWELL, E. O. The chemical and physical investigation of germicidal aerosols. II. The aerosol centrifuge. (With 11 figures in the text) | 354 |
| | |
| GLAZEBOOK, A. J., <i>see</i> THOMSON, SCOTT | |
| GLAZEBOOK, A. J. and THOMSON, SCOTT. The administration of vitamin C in a large institution and its effect on general health and resistance to infection. (With 3 figures in the text) | 1 |
| GLAZEBOOK, A. J. and THOMSON, SCOTT. Sulphonamide compounds and acute rheumatism | 20 |
| GREEN, C. A. Epidemiology of haemolytic streptococcal infection in relation to acute rheumatism. I. Haemolytic streptococcal epidemic and first appearance of rheumatism in a training centre. (With 1 figure in the text) | 365 |
| GREEN, C. A. Epidemiology of haemolytic streptococcal infection in relation to acute rheumatism. II. Epidemic rheumatism. (With 1 figure in the text) | 371 |
| GREEN, C. A. Epidemiology of haemolytic streptococcal infection in relation to acute rheumatism. III. Comparative incidence of various infections and acute rheumatism in certain training centres. (With 9 figures in the text) | 380 |
| GRIFFITH, THE LATE A. STANLEY. The cultural characters and pathogenicity for some laboratory animals of the vole strain of acid-fast bacillus | 527 |
| J. Hygiene 42 | 37 |

| | PAGE |
|---|------|
| HAINES, R. B. The occurrence of toxigenic anaerobes, especially <i>Clostridium botulinum</i> , in some English soils | 323 |
| HOBBS, BETTY C. and WILSON, G. S. The disinfectant activity of caustic soda. (With 2 figures in the text) | 436 |
| HOYLE, L. The lipid antigens of <i>C. diphtheriae</i> and <i>C. hofmannii</i> . (With 1 figure in the text) | 416 |
| HUTCHINSON, J. C. D., <i>see</i> MACRAE, T. F. | |
| IRWIN, J. O. The distribution of the logarithm of survival times when the true law is expounded. (With 2 figures in the text) | 328 |
| IRWIN, J. O., <i>see</i> MACRAE, T. F. | |
| KLIENEBERGER, EMMY. Some new observations bearing on the nature of the pleuropneumonia-like organism known as L1 associated with <i>Streptobacillus moniliformis</i> . (With Plates 10-13, containing Figs. 1-45) | 485 |
| KLIENEBERGER, EMMY and SMILES, J. Some new observations on the developmental cycle of the organism of bovine pleuropneumonia and related microbes. (With Plates 4-7, containing Figs. 1-18) | 110 |
| LESLIE, P. H. The bacteriological classification of the principal cultures used in rat and mouse control in Great Britain | 552 |
| MCDUGALL, E. I., <i>see</i> MACRAE, T. F. | |
| MACKAY, HELEN, <i>see</i> WILLS, LUCY | |
| MACRAE, T. F., HUTCHINSON, J. C. D., IRWIN, J. O., BACON, J. S. D. and MCDUGALL, E. I. Comparative digestibility of wholemeal and white breads and the effect of the degree of fineness of grinding of the former | 423 |
| MARTIN, W. J. Diphtheria. The age incidence during epidemic years in London | 227 |
| MILLAR, W. G., <i>see</i> THOMSON, SCOTT | |
| OLITZKI, L. Comparative studies on <i>Salmonella</i> strains isolated in Palestine from camels and a human being | 547 |
| POWELL, E. O., <i>see</i> FINN, S. R. | |
| RAINSFORD, S. G. The preservation of Vi antigen in T.A.B.C. vaccine. With a note on combined active immunization with T.A.B.C. vaccine in tetanus formol-toxoid. (With 2 figures in the text) | 297 |
| RHODES, A. J. A small outbreak of diarrhoea associated with the paracolon bacillus | 99 |
| SAVAGE, SIR WILLIAM. Paratyphoid fever: an epidemiological study | 393 |
| SHERWOOD, H. P. and CLEGG, L. F. L. Further studies of incubation at 44° C. as a test for 'faecal coli'. (With 2 figures in the text) | 45 |
| SMILES, J., <i>see</i> KLIENEBERGER, EMMY | |
| SPIRA, LEO. Fluorosis and the parathyroid glands | 500 |
| STALKER, W. STEWART, WHATLEY, ELIZABETH and WRIGHT, JOYCE. Cross-infection in scarlet-fever bed isolation wards | 231 |
| STIVEN, DAVID, <i>see</i> BRODIE, JAMES | |
| TAYLOR, C. B. The ecology and significance of the different types of coliform bacteria found in water. A review of the literature | 23 |
| TAYLOR, C. B. Bacteriology of fresh water. III. The types of bacteria present in lakes and streams and their relationship to the bacterial flora of soil | 284 |

Index of Authors

| | PAGE |
|--|------|
| THOMSON, SCOTT, <i>see</i> GLAZE BROOK, A. J. (pp. 1 and 20) | |
| THOMSON, SCOTT, GLAZE BROOK, A. J. and MILLAR, W. G. Vitamin C and anaemia. With a description of a photo-electric colorimeter. By W. G. Millar. (With Plates 1-3 and 4 figures in the text) | 103 |
| TUXFORD, A. W. Indices of physical development in children | 549 |
| TWORT, C. C. and BAKER, A. H. Further researches in bactericidal mists and smokes | 266 |
| | |
| VAN DEN ENDE, JOAN, <i>see</i> ELFORD, WILLIAM J. | |
| | |
| WALKER, JACQUELINE, <i>see</i> DUNCAN, J. T. | |
| WHATLEY, ELIZABETH, <i>see</i> STALKER, W. STEWART | |
| WILLS, LUCY, MACKAY, HELEN M. M., BINGHAM, KAITILIN and DOBBS, R. H. Anaemia in women and children on war-time diets. (With 2 figures in the text) | 505 |
| WILSON, G. S., <i>see</i> HOBBS, BETTY C. | |
| WITHELL, E. R. The significance of the variation in shape of time-survivor curves. (With Figs. 1-27 in the text, and Figs. 28-46 in Appendix I) | 124 |
| WITHELL, E. R. The evaluation of bactericides. (With 3 figures in the text) | 339 |
| WRIGHT, JOYCE, <i>see</i> STALKER, W. STEWART | |
| WRIGHT, G. PALING and WRIGHT, HELEN PALING. The influence of social conditions upon diphtheria, measles, tuberculosis and whooping cough in early childhood in London. (With 1 figure in the text) | 451 |
| WRIGHT, HELEN PALING, <i>see</i> WRIGHT, G. PALING | |
