

Index to Volume 6, 2004

A		corneal abrasion	402	intubation	434	Q	
accidents, traffic	80	critical pathways	321	isolation	31	quality improvement	116
acetylsalicylic acid	333	croup	357			quarantine	31
acuity	240	CTAS	337, 421	K-L			
acute coronary syndromes	22, 333			ketamine	259		
acute myocardial infarction	333	D		ketoacidoses	281	R	
adverse effects	349	deep venous thrombosis	40	laboratory	116	radiocontrast	253
airplane	45	defibrillation	428, 431	laryngoscopy	416	randomized controlled trial	240, 327
airway	434	delayed presentation	277	Lemierre syndrome	285	rapid sequence intubation	416
alcoholic intoxication, blood	80	diabetes	281	likelihood ratios	22	refusal of care	363
anesthetists	416	diagnosis	12, 285			renal failure	253, 281
analgesia	441	diagnostic tests	104	M		residency	51, 52
anti-arrhythmia agents	349	dialysis	281	magnesium	123, 327	resuscitation	77, 428, 431
arterial occlusions	40	domestic violence	38	medical student	51	root cause analysis	116
ASA	333			meningitis	343	ruptured diaphragm	277
asthma	321	E		migraine	327		
atrial fibrillation	349	ECG	135	mortality	263	S	
atrial septal defect	40	ectopic pregnancy	112	musculoskeletal diseases	147	SARS	6, 7, 12, 31,
automated external defibrillator	45	education	266	myocardial infarction	123, 446	sedation	434
automobile driving	80	emergency department management	337			self-injurious behaviour	313
		emergency department overcrowding	271, 337	N		sensitivity	12
		emergency planning	31	<i>N</i> -acetylcysteine	253	sepsis	343
		emergency service, hospital	104	neck pain	59	seroprevalence	89
B-C		epidemiology	313	needs assessment	266	severe acute respiratory syndrome	6, 7, 12, 31
bioethics	363	error	45	Nepal	266	shock	48, 49
blunt trauma, minor	277	ethyl, blood	80	nephropathy	253	sodium channel blockers	349
CAEP 2004 scientific abstracts keyword index	216	evidence-based medicine	38	nurse practitioner	246	splenic rupture	217
Canadian C-Spine Rule	161			nurses	161	spouse abuse	38
<i>Canadian Emergency Department Triage and Acuity Scale</i>	337, 421	F		O		substance abuse detection	104
Canadian Resident Matching Service	51	follow-up	97	outbreak	31	suicide, attempted	313
cardiac	126	foreign body	434	outpatient	97	surveillance	89
cardiac arrest	263	fracture	397	overcrowding	78, 271, 337, 395	survey	402
cardiac troponin	22	FRCPC	51			survival	263
cardiopulmonary resuscitation	263	fusobacter	285	P			
cardioversion	155			pain measurement	421	T	
central venous access	259	G		paradoxical embolism	40	therapy	123
cervical spinal cord ischemia	59	gastric incarceration	277	paroxysmal atrial fibrillation	155	training	416
cervical spine clearance	161	gastric perforation	277	patient flow	271	trauma outcomes	126, 263
chest trauma	428, 431			pericardial rupture	126	trauma severity indices	421
chronic lymphocytic leukemia	217	H		pericardium	126	Trendelenburg	48
clinical practice guidelines	97	headache	59, 327	physician practice pneumonia	271	triage	240, 395, 421
commotio cordis	428, 431	health personnel	246	prevalence	97	turnaround times	116
compartment syndrome	147	hepatitis C	89	procedure	434		
confidentiality	363	herniation	126	prognosis	22	U-W	
confusional migraine	446	hip fracture	441	propafenone	349	ultrasound, bedside	112
cool mist	357	HIV	89	pulmonary embolism	40	unstable angina	333
		I		pyelonephritis	343	vascular injury	59
		infectious disease	285	pyloric stenosis	444	vertebral artery dissection	59
		in-flight medical emergency	45			violence	38
		international emergency medicine	266			virus	343
						Wellen's syndrome	135
						wrist	397
