

Determination of vitamin D in butter and ghee by chick bioassay. By PENELOPE GORDON, K. SHARMA and T. G. TAYLOR ... 24A
 Sterols in British shellfish. By ANN SCHULZE and A. S. TRUSWELL ... 25A
 Niacin in instant coffee. By P. OKUNGBOWA, M. C. F. MA and A. S. TRUSWELL ... 26A
 Dietary induced renal damage in the rat. By S. S. KANG, R. G. PRICE, K. R. BRUCKDORFER, N. A. WORCESTER and J. YUDKIN ... 27A

*Two Hundred and Ninety-ninth Scientific Meeting
 Middlesex Hospital Medical School, London W1P 7PN
 2 DECEMBER 1976*

Reduced cytochrome c as an electron donor for microsomal mixed-function oxidase reactions. By K. W. J. WAHLE and N. T. DAVIES ... 29A
 ω-Hydroxylation of fatty acids by microsomal preparations from rat and sheep tissues. By K. W. J. WAHLE, N. T. DAVIES and SANDRA M. PATERSON ... 30A
 Mechanism for regulating nitrogen balance in man. By P. V. SUKHATME ... 31A
 The influence of the addition of small amounts of amino acid and energy on nitrogen balance in total starvation in obese patients. By ANJE WIERSINGA and A. VAN LOENEN ... 32A
 The net exchange of amino acids from muscle of fed and starved sheep. By D. B. LINDSAY, J. W. STEEL and P. J. BUTTERY ... 33A
 The use of urinary ammonia as end-product in measurements of total protein turnover with ¹⁵N. By J. C. WATERLOW, M. H. N. GOLDEN and MARY SUSAN ELL ... 34A
 The relationship between the growth of the DNA-unit in muscle and protein turnover. By D. J. MILLWARD, P. BATES, and G. LAURENT ... 35A
 In interaction of leucine, isoleucine and valine in the diet of the growing pig. By S. J. TAYLOR, D. J. A. COLE and D. LEWIS ... 36A
 Rate and extent of protein degradation in the rumen. By J. C. MATHERS, C. M. HORTON and E. L. MILLER ... 37A
 Ammonia concentration and protein synthesis in the rumen. By A. U. OKORIE, P. J. BUTTERY and D. LEWIS ... 38A
 Health and performance of dairy cows fed high levels of urea for a complete lactation. By R. J. TREACHER ... 39A
 Hepatic gluconeogenesis and fat metabolism in fed and fasted lactating dairy cows in vivo. By G. D. BAIRD, I. M. REID, M. A. LOMAX, H. W. SYMONDS, C. J. ROBERTS and D. MATHER ... 40A
 Pathogenesis of fatty liver in fasted cows. By I. M. REID, R. A. COLLINS, C. J. ROBERTS, H. W. SYMONDS and G. D. BAIRD ... 41A
 Lipogenesis in genetically obese rats (fa/fa). By D. A. YORK and V. GODBOLE ... 42A
 Serum cholesterol and triglycerides concentrations in vegans. By T. A. B. SANDERS and F. R. ELLIS ... 43A
 Viscosity and the action of unavailable carbohydrate in reducing the post prandial glucose and insulin levels. By D. J. A. JENKINS, A. R. LEEDS, M. A. GASSULL, D. V. GOFF, T. M. S. WOLEVER and K. G. M. M. ALBERTI ... 44A
 Blood glucose profiles in man after ingestion of different loadings of glucose and glucose/fructose mixtures. By M. W. KEARSLEY and G. G. BIRCH ... 45A
 The health of vegans during pregnancy. By J. THOMAS, F. R. ELLIS and P. L. C. DIGGORY ... 46A
 Feeding practices and food intake of children under two years of age. By JANE MORGAN and PAMELA MUMFORD ... 47A
 Dietary habits and the effect of bedtime food drinks on sleep. By KIRSTINE ADAM ... 48A

INDEX OF AUTHORS

Adam, K. ... 48A	Jeacock, M. K. ... 19A	Raeburn, J. A. ... 77
Alberti, K. G. M. M. ... 44A	Jenkins, D. J. A. ... 44A	Reid, I. M. ... 40A, 41A
Allen, R. J. L. ... 91	Jones, C. S. ... 2A	Rigby, M. ... 13A
Alus, G. ... 3A	Joyce, J. ... 19A	Roberts, C. J. ... 40A, 41A
Ashwell, M. ... 16A		Roberts, D. ... 97
	Kang, S. S. ... 27A	Robinson, J. J. ... 9
Baird, G. D. ... 40A, 41A	Kearsley, M. W. ... 45A	Ryan, J. P. ... 9A
Bates, P. ... 35A		
Bennetto, H. P. ... 13A	Large, S. ... 23A	Sanders, T. A. B. ... 43A
Birch, G. G. ... 45A	Laurent, G. ... 35A	Schulze, A. ... 25A
Boroumand, M. ... 14A	Lawrie, T. D. V. ... 69	Sharma, K. ... 24A
Brown, G. A. ... 13A	Leeds, A. R. ... 44A	Shepherd, D. A. L. ... 19A
Bruckdorfer, K. R. ... 27A	Leek, B. F. ... 9A	Smith, R. H. ... 6A, 8A
Bulfield, G. ... 61	Lewis, D. ... 11A, 36A, 38A	Sowter, C. ... 16A
Buttery, P. J. ... 20A, 33A, 38A	Lewis, P. ... 6A	Stalley, S. ... 18A
Buttle, H. L. ... 8A	Lindsay, D. B. ... 20A, 33A	Steel, J. W. ... 33A
	Lomax, M. A. ... 40A	Stephens, A. G. ... 4A
Cobby, M. ... 23A		Stirling, J. L. ... 13A
Cockburn, F. ... 17	Ma, M. C. F. ... 26A	Stock, M. J. ... 13A

Proceedings of the Nutrition Society

CONTENTS OF VOL. 36, No. 1, MAY 1977

SYMPOSIUM PROCEEDINGS

*Two Hundred and Ninety-sixth Scientific Meeting
(One Hundred and Eighteenth Scottish Meeting)
Royal Hospital for Sick Children, Glasgow
24 SEPTEMBER 1976*

NUTRITION AND THE FOETUS

Chairman: PROFESSOR J. H. HUTCHINSON, Department of Child Health, University of Glasgow

	PAGE
The assessment of foetal growth. By J. WILLOCKS	1
The influence of maternal nutrition on ovine foetal growth. By J. J. ROBINSON	9
Foetal amino acids. By F. COCKBURN and MERETE GILES	17
Trace elements and congenital abnormalities. By R. B. WILLIAMS	25
Maternal-foetal glucose kinetics in conscious catheterised sheep. By J. C. HODGSON and D. J. MILLER	33

*Two Hundred and Ninety-eighth Scientific Meeting
(One Hundred and Nineteenth Scottish Meeting)
Western General Hospital, Edinburgh
5 NOVEMBER 1976*

GENETICS AND NUTRITION

Chairman: DR J. W. B. KING, Animal Breeding Research Organisation, Edinburgh

Genetic differences in metabolism of farm animals. By ELIZABETH M. TUCKER	41
Nutritional influences on the outcome of selection. By D. S. FALCONER	47
Selection for leanness and the energetic efficiency of growth in meat animals. By A. J. F. WEBSTER	53
Nutrition and animal models of inherited metabolic disease. By G. BULFIELD	61
Diet, heredity and heart disease. By T. D. V. LAWRIE and JANE L. H. C. THIRD	69
Nutrition and immunity in cystic fibrosis. By J. A. RAE BURN	77

*Three Hundredth Scientific Meeting
Polytechnic of the South Bank, London SE1
3 DECEMBER 1976*

SAFETY IN MAN'S FOOD

*Chairman: PROFESSOR PATRICIA P. SCOTT, Department of Physiology,
Royal Free Hospital School of Medicine, London WC1*

Risk and benefit in foods and additives. By A. E. M. MCLEAN	85
Food standards and nutrition. By R. J. L. ALLEN	91
Bacterial hazards. By R. J. GILBERT and DIANE ROBERTS	97
Naturally occurring toxins in foods. By I. D. MORTON	101
The problem of assessing the safety of novel protein-rich foods. By R. L. M. SYNGE	107
Food surveillance and food safety. By G. A. H. ELTON	113

ABSTRACTS OF COMMUNICATIONS

*Two Hundred and Ninety-seventh Scientific Meeting
Queen Elizabeth College, London W8 7AH*

Arteriovenous difference studies on the lactating rabbit mammary gland. By C. S. JONES and D. S. PARKER	2A
Development of the digestive tract of the rabbit from birth to weaning. By GÜLDEN ALUS and N. A. EDWARDS	3A
Digestibility and coprophagy in the growing rabbit. By A. G. STEPHENS	4A
The metabolism of lactic acid in the large intestine of the rabbit. By D. S. PARKER and A. J. MOULD	5A
Estimation of microbial nitrogen compounds entering the ruminant duodenum using different reference components including a ³² P label. By R. H. SMITH, PATRICIA E. LEWIS and A. B. MCALLAN	6A
Use of ³⁵ S-incorporation for the measurement of microbial protein in ruminant digesta. By J. C. MATHERS and E. L. MILLER	7A
Exchanges of digesta components in different compartments of the stomach of the young steer. By B. M. EDRISE, R. H. SMITH and H. L. BUTTLE	8A
The effects of dietary factors on acid-induced inhibition of reticulo-ruminal motility in sheep. By P. K. UPTON, J. P. RYAN and B. F. LEEK	9A
The effect of the inclusion of sodium bicarbonate in concentrate diets for artificially-reared lambs. By P. CORCUERA, P. D. PENNING and T. T. TREACHER	10A
<i>N</i> -paraffin-grown yeast in chick diets: retention of phosphorus. By T. OGUNTONA, R. J. NEALE and D. LEWIS	11A
High and low erucic acid rapeseed oil in the diet of lactating rats. By WENDY L. WRIEDEN and E. L. MILLER	12A
A DIY human calorimeter for £100. By G. A. BROWN, H. P. BENNETTO, D. S. MILLER, M. RIGBY, M. J. STOCK and J. L. STIRLING	13A
An automated apparatus for measuring daily energy expenditure in laboratory animals. By M. BOROMAND and D. S. MILLER	14A
Alterations in blood glucose concentrations in obese mice. By A. DJAZAYERY	15A
Adipose tissue: contributions of nature and nurture to the obesity of an obese mutant mouse (obob). By MARGARET ASHWELL, C. J. MEADE, P. M. MEDAWAR and C. SOWTER	16A
Investigations into the role of fluid in energy balance. By M. DURRANT, R. TOFT, S. MANN and J. S. GARROW	17A
Cognitive thresholds and human body weight. By J. S. GARROW and SUSAN STALLEY	18A
Turnover of alanine and glycine in foetal and suckling lambs. By G. M. HATFIELD, MARJORIE K. JEACOCK, JENNY JOYCE and D. A. L. SHEPHERD	19A
Gluconeogenesis from amino acids by isolated sheep liver cells. By J. L. MORTON, P. J. BUTTERY and D. B. LINDSAY	20A
Food intake and anthropometric measurement in pre-school children in the rain forest region of Nigeria. By D. O. NNANYELUGO and T. E. EYO	21A
Assessment of nutritional status of pre-school children receiving high protein supplementation. By D. O. NNANYELUGO	22A
Retinol-binding protein and pre-albumin in serum of children with xerophthalmia before and after treatment. By A. PIRIE, M. COBBY, G. VENKATASWAMY, J. GLOVER and S. LARGE	23A
