|----------------------------|--|
| MR. G. R. ADAM             | Royal Observatory, Edinburgh                             |
| DR. A. ARDEBERG            | European Southern Observatory                            |
| MR. R. BARLETTI            | Osservatorio Astrofisico di Arcetri                      |
| PROFESSOR A. BEHR          | Hamburger Sternwarte                                     |
| DR. P. W. J. L. BRAND      | Royal Observatory, Edinburgh                             |
| MR. D. S. BROWN            | Sir Howard Grubb Parsons & Co. Ltd., Newcastle-upon-Tyne |
| PROFESSOR R. HANBURY BROWN | University of Sydney                                     |
| PROFESSOR H. A. BRÜCK      | Royal Observatory, Edinburgh                             |
| DR. H. E. BUTLER           | Royal Observatory, Edinburgh                             |
| MR. G. J. CARPENTER        | Royal Observatory, Edinburgh                             |
| MR. J. CHAPMAN             | Sir Howard Grubb Parsons & Co. Ltd., Newcastle-upon-Tyne |
| PROFESSOR M. CIMINO        | Osservatorio Astronomico di Roma                         |
| DR. A. F. COOK             | Smithsonian Astrophysical Observatory                    |
| DR. D. L. CRAWFORD         | Kitt Peak National Observatory                           |
| DR. M. J. CULLUM           | Imperial College, London                                 |
| PROFESSOR J. G. DAVIES     | Nuffield Radio Astronomy Laboratories, Jodrell Bank      |
| DR. G. A. DE BIASE         | Osservatorio Astronomico di Roma                         |
| DR. G. DE GREGORIO         | Osservatorio Astronomico di Roma                         |
| DR. E. W. DENNISON         | Hale Observatories                                       |
| DR. W. A. DEUTSCHMAN       | Smithsonian Astrophysical Observatory                    |
| DR. R. B. DUNN             | Sacramento Peak Observatory                              |
| MR. T. L. FAUL             | Faul Coradi Scotland, Haddington                         |
| PROFESSOR L. W. FREDRICK   | Leander McCormick Observatory                            |
| DR. E. GANDOLFI            | Istituto di Fisica "A. Righi", Bologna                   |
| MR. P. GILLINGHAM          | Royal Greenwich Observatory                              |
| DR. K. GOTTLIEB            | Mount Stromlo and Siding Spring Observatories            |
| PROFESSOR L. GRATTON       | Laboratorio di Astrofisica, Frascati                     |
| DR. A. GREVE               | Carl Zeiss, Oberkochen                                   |
| DR. H. D. GREYBER          | Martin-Marietta Corp., Denver                            |
| MR. J. HAMBLETON           | Joyce, Loebel & Co. Ltd., Gateshead                      |
| DR. J. HARVEY              | Kitt Peak National Observatory                           |
| DR. A. A. HOAG             | Kitt Peak National Observatory                           |
| DR. E. HØG                 | Hamburger Sternwarte                                     |
| PROFESSOR M. HURUHATA      | Tokyo Astronomical Observatory                           |
| DR. J. B. HUTCHINGS        | Dominion Astrophysical Observatory, Victoria             |
| MR. B. D. JORDAN           | Dunsink Observatory                                      |
| MR. E. J. KIBBLEWHITE      | Cambridge Observatories                                  |
| DR. D. A. KLINGLESMTIH     | NASA Goddard Space Flight Center                         |
| DR. D. W. LATHAM           | Smithsonian Astrophysical Observatory                    |
| PROFESSOR W. LILLER        | Harvard College Observatory                              |
| PROFESSOR A. P. LINNELL    | Michigan State University                                |
| DR. WM. C. LIVINGSTON      | Kitt Peak National Observatory                           |
| MR. S. B. LORENSEN         | University Observatory, Copenhagen                       |
| MR. J. L. LOWRANCE         | Dept. of Astrophysical Sciences, Princeton               |
| DR. L. LUUD                | W. Struve Astrophysical Observatory, Tartu               |
| MR. B. MALM                | European Southern Observatory                            |
| MR. G. E. MANVILLE         | Sir Howard Grubb Parsons & Co. Ltd., Newcastle-upon-Tyne |
| DR. N. N. MIHEL'SON        | Main Astronomical Observatory, Pulkovo                   |
| MR. I. MUNRO               | Sir Howard Grubb Parsons & Co. Ltd., Newcastle-upon-Tyne |
| DR. K. NANDY               | Royal Observatory, Edinburgh                             |
| MR. R. E. NATHER           | University of Texas                                      |

| <i>Name</i>           | <i>Affiliation</i>                                       |
|-----------------------|--|
| MR. R. F. NIELSEN     | University Observatory, Copenhagen                       |
| FRAU DR. L. OETKEN    | Astrophysikalisches Observatorium, Potsdam               |
| DR. R. PARKS          | Faul Coradi Scotland, Ltd., Haddington                   |
| DR. G. B. PARRENT     | Technical Operations, Inc., Burlington, Mass.            |
| DR. V. G. PARUSIMOV   | Main Observatory of Ukrainian Academy of Sciences        |
| MR. J. D. POPE        | Anglo-Australian Telescope Project                       |
| DR. A. L. T. POWELL   | Royal Greenwich Observatory                              |
