Editorial

Preparing juniors for on-call ENT, handicap in vestibular schwannoma, nasal packs in epistaxis and sleep apnoea in young children: *EW Fisher, J Fishman* 591

Main Articles

Learning needs of junior doctors in otolaryngology: a qualitative study: *S Morris, D Owens, D Cserzo* 592

Does coronavirus disease 2019 affect peripheral and central auditory systems? Matched group cross-sectional study and six-month follow up: *M Deniz-Sakarya, İrfan Yorulmaz* 601

Changes in audiovestibular handicap following treatment of vestibular schwannomas: *T Campbell, SJ Goh, AM Wadeson, SR Freeman, SA Rutherford, AT King, CL Hammerbeck-Ward, O Pathmanaban, H Entwistle, J Bird, PR Axon, DA Moffat, SK Lloyd* 608

Improving otitis externa management in secondary care through a standardised treatment algorithm: *W Hasan, J Kennett, Z Bentounsi, A Amir-Ghasemi, H Jones, T Biggs* 615

Provision of bone conduction hearing implants in England in adults and children: a review of Hospital Episode Statistics data 2012–2021: *A Conybeare, L Bennett, MS Osborne* 621

Prevalence and management outcomes of tonic tensor tympani syndrome in an ENT audiology tinnitus clinic in Singapore: *SHL Tan, GJC Lee* 627

Linear transmission between malleus and stapes in cases with incus necrosis: *MM Nassif, TA Hamdy, M Saad* 634

The effect of injection of 1:100 000 adrenaline solution in the pterygopalatine fossa on intra-operative bleeding during endoscopic sinonasal surgical procedures in chronic sinusitis: a blinded clinical trial: *S Nasirmohtaram, MM Jalali, AF Habibi, M Akbarpour* 638

Comparison of side effects and patient perceptions towards Rapid Rhino and Meroceal packs in epistaxis: *B Mettias, CT Karia, E Irvine, P Conboy* 642

Threshold and suprathreshold component analysis in olfactory dysfunction: a retrospective study: *BS Brabahar, R Kurien, R Panicker, G Rebekah, L Varghese* 647

Internal mammary artery perforator flap in the management of tracheoesophageal fistulae: *A Kaur, G Biswas* 652

Patient-perceived dysphagia and voice change post thyroid surgery: a telephone questionnaire: *A Mowat, P Sandhar, J Chan, M De* 656

Distant metastasis at the time of presentation of head and neck squamous cell carcinoma: a retrospective chart review from a tertiary cancer care centre: *CS Majitha, DR Nayak, S Shetty, K Devaraja, JI Basheer* 661

A novel remote assessment pathway to streamline the management of two-week-wait suspected head and neck cancer referrals: a prospective analysis of 660 patients: *C Metcalfe, S Oh, N Glazzard, E Ross, A George* 667

Oncological and functional outcomes in T3 and T4 laryngeal cancer patients: choice for larynx preservation or total laryngectomy based on expected laryngeal function: *A Nobacht, TWH Meijer, SF Oosting, B van der Vegt, J Wedman, GB Halmos, BEC Plaat* 672

The role of rigid laryngo-tracheo-bronchoscopy in children with obstructive sleep apnoea: a case series of 65 children: *A Dritsoula, R Clarke, E Hatzigorou, S Triaridis, P Talimtzis, H Elphick* 679

Computed tomography-based radiomic markers are independent prognosticators of survival in advanced laryngeal cancer: a pilot study: *AD Rajgor, C Kui, A McQueen, J Cowley, C Gillespie, A Mill, S Rushton, B Obara, T Bigirimurame, K Kallas, J O'Hara, E Aboagye, DW Hamilton* 685

Short Communications

A force sensor improves trainee technique for rigid endoscopy: *S Bola, MK Shrivastava, J Brown, M Cherko, B Emmanouil* 692

How I do it: novel use of a modified nasopharyngeal airway in laryngotracheal stenosis as a temporary stent: *S Ghauth, SH Tan* 696

Clinical Records

Cocaine-associated Eustachian tube stenosis causing chronic 'glue ear': a rare cocaine-induced destructive lesion: *T Dar, M Abou-Abdallah, J Michaels, R Talwar* 699

Difficult oesophageal foreign body removal: a novel surgical approach to a complex situation: *S Dranova, Z Siddiqui, M Tobbal, L Pitkin* 703

Book Reviews

707
