Apartheid Torn Apart

Do transnational corporations with business in South Africa help sustain or erode apartheid?

This and related issues were torn apart and examined at the United Nations on September 16–20, 1985 during the Public Hearings on the Activities of Transnational Corporations in South Africa and Namibia. A panel of eminent diplomats and political influentials heard from more than 50 informed persons, examined documentation, and made their recommendations.

Now, those recommendations, the verbatim transcripts of the hearings, the written statements of the participants, a representative listing of country, state and municipality laws and regulations regarding investment and trade with South Africa, as well as a comprehensive bibliography for further research, are available in four volumes from United Nations Publications.

Ideal for executives with interests in South Africa, international lawyers, world government leaders, students and educators, these volumes will aid in policy and opinion formulation.

Volume One, The Report and Recommendations of the Panel of Eminent Persons, will be published in June and will be available for \$65.00. Publication of all four volumes will be completed in September. The series will be offered at \$200. Send your check or purchase order to arrive by August 1, and receive a discount of 10%.
