Toward an inscriptional semantics. By R. M. MARTIN and J. H. WOODGER	191
Strong completeness of fragments of the propositional calculus. By ALAN ROSE	204
Reviews	205
Thirteenth meeting of the Association for Symbolic Logic. By CLIFFORD D. FIRESTONE	236
Abstracts of papers	236

The JOURNAL OF SYMBOLIC LOGIC is the official organ of the Association for Symbolic Logic, Inc. It is published at Mount Royal and Guilford Avenues, Baltimore, Maryland, quarterly, in the months of March, June, September, and December. The subscription price is five dollars annually, for current subscriptions. New subscriptions must begin with the first number of the current volume, as determined by the date of receipt of the subscription. Completed volumes are sold at six dollars. Members of the Association of three years standing may purchase back volumes of the JOURNAL at reduced rates for their personal use (except volume 1).

Applications for membership in the Association, subscriptions to the JOURNAL, changes of address, and all business correspondence should be addressed to:

C. D. Firestone, Secretary-Treasurer, Rutgers University, New Brunswick, New Jersey
or to Mount Royal and Guilford Avenues, Baltimore-2, Maryland.

Articles for publication in the JOURNAL should be sent to *Max Black, Goldwin Smith Hall, Cornell University, Ithaca, New York* or to *S. C. Kleene, University of Wisconsin, Madison 6, Wisconsin*. All manuscripts should be typewritten with wide margin and wide spacing between the lines, and the author should keep a complete copy; footnotes should be numbered consecutively and should also be typed with wide margin and wide spacing (preferably on a separate sheet). If an article is of more than thirty-two (printed) pages in length, the editors reserve the right to divide it between two or more, not necessarily consecutive, numbers. Authors receive fifty reprints of each article, with covers, and additional reprints may be purchased if desired.

Attention is called to the fact that the JOURNAL invites submission of (1) original technical papers in the field of symbolic logic, (2) expository papers in this field, (3) philosophical papers which bear upon this field or make use of its methods, and (4) studies in the history of logic in which modern technical developments are taken into account.

Authors and publishers are requested to send, for review, copies of books and reprints of articles in journals to *Alonzo Church, Fine Hall, Princeton University, Princeton, New Jersey*.

Entered as second class matter at the post office at Baltimore, Maryland, under the Act of Aug. 24, 1912.
