Text-Book of Nervous Diseases

BY
W. ALDREN TURNER, M.D., F.R.C.P., Physician and Lecturer on Neurology, King's College Hospital; Physician for Out-Patients, National Hospital for Paralysed and Epileptic.
T. GRAINGER STEWART, M.B., M.R.C.P., Assistant Physician, National Hospital for Paralysed and Epileptic; Assistant Physician, West London Hospital.

"The necessity for descriptive brevity in a book of this scope is apt to stifle individuality. This cannot be said of the present work, which bears a strong imprint of that judicial discrimination which can only come from extensive clinical experience. The authors have been eminently successful in writing a book which possesses in a marked degree the quality of practical perspective founded upon a basis of personal observation, a feature which is often wanting in a shorter systematic treatise, and which is, at the same time, essential if the book is to prove not only of interest but of true service to the practitioner. The illustrations are admirably reproduced."—REVIEW OF NEUROLOGY AND PSYCHOLOGY.

"This book is from two good authors. Its illustrations and text are beyond adverse criticism."—THE ALIENIST AND NEUROLOGIST.

7th Edition. 3 Plates. 261 Text-Figures. 25s. net.

Dana's Text-Book of Nervous Diseases.

"The author deserves to be cordially congratulated on the phenomenal success of his originally self-appointed task. . . . The present volume may be promised a brilliant and well-merited continuation of phenomenal patronage."

—MEDICAL PRESS AND CIRCULAR.

By **CHARLES L. DANA, A.M.,** M.D., LL.D.,

Professor of Nervous Diseases in Cornell University Medical College.

22 Plates. 12s. 6d. net.

Craig's Psychological Medicine.

"Dr. Craig's book, which contains excellent articles on the relationship of insanity to law, case-taking, and treatment, is illustrated by twenty-two very beautiful plates of various morbid states, macroscopical and microscopical, and may be warmly recommended as a safe guide to investigation and treatment to both students and practitioners."

—BRITISH MEDICAL JOURNAL.

BY
MAURICE CRAIG, M.D., F.R.C.P., Physician, Guy's Hospital and Bethlem Royal Hospital.

Sixth Edition. 30 Plates. 14s. net.

Clinical Lectures of Mental Diseases.

By **T. S. CLOUSTON, M.D., F.R.C.P. Edin.,** Lecturer on Mental Diseases in the University of Edinburgh.

4s. 6d. net.

*A Pancreatised Food that can be made in a minute, the
addition of boiling water only being necessary.*

A PANCREATISED MILK AND CEREAL FOOD.

By the use of the "Allenburys" Diet all trouble of peptonising milk and farinaceous foods is overcome. In the sick room it will be found extremely useful as the food is easily digested and assimilated, is quickly made, and only the exact quantity required need be prepared at a time.

The "Allenburys" Diet is made from pure rich milk and whole wheat, both ingredients being largely pre-digested during manufacture. It can be taken by those who cannot digest cow's milk, and provides a light and very nourishing diet for Invalids, Dyspeptics and the Aged.

For travellers by sea or land this complete food will be found exceedingly valuable.
