STATEMENT OF EDITORIAL POLICY

International Legal Materials (ILM) is a publication of the American Society of International Law that reproduces texts of documents reflecting the broad scope and evolution of international law. The range of covered subjects has expanded from traditional topics such as international organizations, jurisdiction, and international trade to include developments in fields such as intellectual property, environmental law, nuclear non-proliferation, human rights, and international criminal law.

ILM serves as both a bi-monthly information service and a widely recognized archive of international law documents for a diverse, global community of legal scholars, government officials, private practitioners, and institutions with a common interest in international law. To meet the varied demands of such a readership, documents are selected from world-wide sources on the basis of their present and future legal significance.

ILM is prepared for publication in Washington, D.C., with the guidance of an Editorial Advisory Committee and the assistance of a team of Corresponding Editors around the world. In order to reproduce texts of selected documents under tight production schedules, the best available source is used, whether electronic or printed.

THE AMERICAN SOCIETY OF INTERNATIONAL LAW

The American Society of International Law (ASIL) is a nonprofit, nonpartisan, educational membership organization founded in 1906 and chartered by Congress in 1950. Headquartered in Washington, D.C., its mission is “to foster the study of international law and to promote the establishment and maintenance of international relations on the basis of law and justice.” ASIL holds Special Consultative Status with the Economic and Social Council of the United Nations and is a constituent society of the American Council of Learned Societies.

ASIL’s 3,500 members come from more than one hundred nations with nearly 40 percent residing outside the United States. Its members include scholars, jurists, practitioners, government officials, leaders in international and nongovernmental organizations, students, and others interested in international law. Through its many publications, conferences, briefings, and educational events, ASIL seeks to serve the needs of its diverse membership and to advance understanding of international law among policymakers and the public.

ASIL is a volunteer-led organization governed by an elected Executive Council and administered by an executive director and professional staff.
